NEW LIFE INTO
U. S. BUSINESS**

**Thousands Trading
Labor for Goods.**

Business—not all business, but still
lot of business—can be carried on
without money.

LET'S "SWAP"...

"Barter" . . . art of the ancients . . . is making itself felt in modern life. People today, finding money scarce, are leaping back over the centuries to the custom of trading without money. Today you can get the things you need for the things you have! Labor for goods . . . goods for goods . . . goods for labor. The thing is . . . how to reach many interested in "swapping." Classified Advertising is the answer! Why not try a classified ad to reach them? The results will be surprising!

That barter is today an important factor in business is reflected in the heading reproduced from a recent article in the Chicago Tribune. It is pointed out that many people find it possible to live and thrive by trading things without an expenditure of cash.
