Mystifier

Remember the old days when the kids used to whoop it up because the circus was coming to town? Here's good news for both young and old. Dr. Harlan Tarbell, called the world's greatest mystifier by the late Houdini, will be in Wilmette on the afternoon and evening of April 22. The performance will be held in the Masonic temple, under the auspices of the Men's club of the First Congregational church of Wilmette. The proceeds are to be used for the maintenance of the church choir fund.

Dr. Tarbell comes direct from New York to make this appearance. Known throughout America as a maker of magicians, a creator of some of the finest illusions known to magic, Tarbell, it is promised, will perform mysteries that will thrill the youngsters and baffle the srewd and experienced.

His audience will see the famous Hindu rope mystery, which Thurston regarded as the finest illusion developed in the past 25 years; oracles of the desert, depicting the method in which the East Indians foretell the coming of war, famine, pestilence; many fascinating illusions, and finally, the famous mental-television, sometimes called eyeless vision, wherein Dr. Tarbell, after being securely blindfolded, with his eyes plastered down with adhesive tape goes through the audience reading with his finger-tips the various objects placed before him. Of mental television, Newton D. Baker says: "Dr. Tarbell's

Harry A. Jung to Speak at Meeting of Paul Reveres

Harry A. Jung, general manager of the American Vigilant Intelligence federation, will speak at a public meeting of Wilmette chapter, The Paul Reveres, to be held in the Howard school auditorium Monday evening, April 3.

Mr. Jung, whose reputation as a speaker is nation-wide, will discuss the subject of subversive activities in America, and the program for world revolution now being carried out by the Soviet regime in Moscow.

"No one in America can speak on this subject with greater authority than Mr. Jung," announcements read. "His organization was formed sixteen years ago for the purpose of gathering and disseminating information of the plans and work of individuals and societies striving to undermine and destroy this government. During that time he has cooperated with practically every department of the government, and is so cooperating today. Thoroughly familiar with his subject, he presents it in a forceful and convincing manner that is both instructive and entertaining."

It is announced that Mr. Jung will also speak concerning the present situation in Germany.

Special musical numbers have been arranged for the meeting. There will also be a presentation of the colors and a re-dedication to "Old Glory," it is explained.

The program committee is extending an invitation to all citizens, and especially to ministers and members of churches.

IN JUNIOR RECITAL

Miss Jayne Maddock of Winnetka and Miss Marjorie Benson of Ravinia will appear in junior recital at Lyon and Healy hall at 2 o'clock Saturday afternoon, April 1. Miss Benson will play "Musette in D," by Bach, and "The Gay Vagabonds," by Rodgers. Miss Maddock is to play Bach's "Sol-feggietto" and Loth's "Oriental Dance." Both girls are students of Frances Anderson of Winnetka.

Mrs. Jay A. Colvin, 116 Robsart road, Kenilworth, entertained her bridge club at luncheon Monday.

seeing fingertips makes me doubt the reliability of my five senses."
