WHY BE THOUGHTLESS?

Have you ever analyzed yourself? Have you ever thought why you did this and said that? If you haven't, you should. As our life goes on, getting more and more complicated, we won't have so much time to think out or reason a situation before we act upon it. Decisiveness will count. We will have to act quickly in order to keep abreast with the fast trend of modern life.

Yet no matter how busy we are, how many things must be done, there is always time for a word or deed of kindness. Don't you find that usually it is the busy person who remembers your birthday or has time to call when you are ill?

The mother of a famous man said to her son when he was young, "It's not so much what you did or said but what you neglected to do." The boy took cognizance of that statement, for we find he made friends wherever he went. The little things in this world are often the ones most appreciated as well as satisfying. The few words to cheer a saddened heart or the little deed to help a friend show such lovely character traits. And for our own personal satisfaction let us remember, "It isn't so much what you did or said, but what you neglected to do."

N. T. Students to Entertain Rotary Groups Tonight

New Trier High school's symphony orchestra and several other organizations and groups at the high school will take part in a program of entertainment to be given as one of the features of the fourth annual point meeting of New Trier township Rotary clubs tonight (Thursday) in the high school mess hall. Dinner at 6:30 will be followed by the program.

In addition to the selection by the symphony orchestra, entertainment will be furnished by the New Trier boys' glee club and octet, and there will be a dance by a group of high school girls, a broadcast of a panel discussion by Miss Mabelle Payton's public speaking group, an xylophone solo by J. C. Schumacher, director of the high school band, and a ping pong exhibition match by W. L. Childs, the school's athletic director, and Bill Condry, outstanding student player.

Rotary clubs of Wilmette, Winnetka and Glencoe are cooperating in the joint meeting. R. L. F. Biese-meier is chairman of the executive committee which has had general charge of arrangements for the affair. Frederick A. Kahler of Winnetka, dean of boys at the high school, is program chairman, and Lloyd Hollister will be toastmaster for the dinner.

WINS SCHOLARSHIP

Charles Knapp, son of Mr. and Mrs. Charles T. Knapp, 633 Forest avenue, Wilmette, who is graduating from New Trier High school this June, has won the Olin scholarship to Wesleyan university in Middleton, Connecticut. Charles has been elected to the Honor society at the High school.

MESS-HALL MASSACRE

Mentioning Memorable Moments May Make Many Mal-contents. Many Morons May Mock Murderer. Multitudinous Myths Move Mysteriously, Menacingly. Must Mention Maneuvers Mindless. (Men Make Money Mentioning Merciless Modern Man-slaughter.) May Mimics Moan Many Moonless Midnights!

Midst Many Munching Merry-Makers Moffat Made Mean, Menacing, Maligning Mouthfuls. Moss-Minded Morgan Mentioned Mussing Moffat's Mangy Maroon Mop (Must Maintain Mien), Made Many Mercenary Moves, Mettle Mentioned.

Maniac Moffat Made Much Movement; Muffled Manners, Made Mitts Motivate.

Match-Maker Morgan Massed Mental Maxims, Made Massive Muscular Mitts Meet Moffat's Map. Moffat Mercilessly Mangled, Mauled, Mutilated. Magnificent, Manly Moffat Made Menial-Mere Muggy Mess Midst Mess-hall Mutterings.

Many Morbid Merry-Makers Moved Moffat-ward Moaning, "Mangled Minds Make Many Miserable Mistakes; May Moffat's Mind Make Many Mental Monkeyshines? Moffat Must Maintain Maximum Mentality, Make Murderer Mourn Mistake." Mucha Man, Moffat. May Mercy Mend Mangled Mind!

—Rux.

Anecdotes Lend Spice to Talk on Modern Art

For students who plan to take art work next year and do not wish to go too far from home, the Evanston Academy of Fine Arts is being recommended as just the place. Carl Scheffler of the academy, spoke to the New Trier senior class last week on modern art, and mixed in a few anecdotes of experiences of prominent people with art, modern and otherwise, to add a little interest.

Miss Olive L. Grover, of the New Trier art department, has looked the academy over and reports that it is a very fine place and that most of the students are of the same type as those who attend New Trier.

This was only one of the assemblies the seniors, or at least the senior boys attended last week. The other was an adviser period enjoyably spent to the strains of the incomparable music of the instrument that the versatile musician of New Trier's faculty, Joseph Schumacher, played on the stage and will again play at the band concert this Friday for his first public appearance with that instrument in many years—the xylophone. Besides offering several classical numbers, Mr. Schumacher played some popular pieces to the enjoyment of all present.

GUIDE-LECTURE TOURS

A tour of the Egyptian exhibits at Field Museum of Natural History at 3 o'clock Monday, May 15, will be the first of the institution's guide-lecture tours for the general public next week. On other days at the same hour subjects of tours will be: Tuesday, "Primitive Pottery"; Wednesday, "Animal Life of the Chicago Region"; Thursday, a general tour of anthropological, botanical, geological and zoological exhibits; and Friday, "Masks." Conducted by staff lecturers, these tours are open to all museum visitors. Parties assemble inside the north entrance.

Say, This Second Team's a Wonder!

Last Thursday, May 4, New Trier's second-team baseball squad accomplished something which had never been done before by any other New Trier nine. In the third inning of a closely fought game with Deerfield's second team, New Trier executed what is known as a triple play.

Here's how it happened. There were none out, and opponents were lodged at first and second base. Gil Lowy, star hurler, pitched a ball which was hit to Dave Miller, sensational New Trier third baseman. With surprising intelligence he threw the ball to Homann, covering second base for New Trier, thereby getting the man coming down from first base. One man out!

Immediately, Homann heaved the ball to Ed Frazer, eminent first baseman, who disposed of the runner. Two men out!

Then with mental alacrity equalled only by geniuses, Frazer snapped the ball to the waiting third sacker to trap the man coming from second base. Three men out on the same play.

After some arguing with the umpire the play was ruled legal and the side was retired. The team hopes to keep up this tremendous pace.

Suburban Track Meet Scheduled for Phelps Field

Tickets will go on sale shortly for the annual Suburban league outdoor track meet to be held Saturday, May 27, at Phelps field at New Trier High school.

Residents of the north shore communities interested in track and field events will have an opportunity to see some of the best high school track men in the state who will be taking part in this meet. Oak Park, state champion for the past three years, is the favorite to win the meet, but will have strong competition from the other Suburban league schools, especially New Trier and Evanston. Last year Oak Park nosed out New Trier in the league outdoor meet by only three points, 40 to 37.

New Trier's tracksters were scheduled to meet Evanston Wednesday of last week, but the meet was called off because of inclement weather. This Saturday New Trier will enter the district meet at Evanston with the intention of qualifying at least three or four men for the state high school track meet to be held at Champaign on May 20.

The New Trier junior track team was scheduled to engage Evanston and Senn high schools in a triangular meet at Evanston Thursday if this week.

ACCEPTS COLLEGE POST

Helen Brandriff of Glencoe, who is to be graduated from Wellesley college this spring, has been offered a position as assistant in pathology at Cornell university. Miss Brandriff, who had a similar offer from Bryn Mawr, will accept the assistantship at Cornell. She was graduated from New Trier High school in 1929.

AWARDED SCHOLARSHIP

Virginia McConnell, daughter of Mr. and Mrs. Allen McConnell, 1525 Highland avenue, Wilmette, has been awarded the Staff scholarship, which includes \$250 and a year's study at Grinnell college. Miss McConnell is graduating from New Trier High school in June.

Girls' Club Has Surplus of \$400 as Year Closes

Every single debt paid and more than \$400 in the treasury—and that in a year of unprecedented financial conditions.

Members of the New Trier Girls' club regarded this statement of the treasurer as the most important of the announcements made at their assembly held last week. There is some discussion at the present time as to whether the \$400 should be used for college scholarships or to help girls stay in New Trier.

The election of officers for 1933-34, which was announced for Tuesday, May 9, has been postponed to Thursday, May 11. Names submitted for the Thursday balloting were the following:

Candidates for Office

For president: Anne Burnham, Elizabeth Barden, Helen Bellows and Dorothy Shields; for vice-president: Frances McNulty and Virginia Jones; for treasurer: Elice Ebeling, Phyllis Carleton, Ruth Anderson, June Mauland and Caroline Clark; for secretary: Dorelle Moulton, Alice Holloway and Virginia Munster.

At the assembly several changes concerning the selection and number of committee members were made in the constitution. It was moved, seconded and passed that:

Amendments Are Carried

1. All committees shall have ten members except the employment committee which shall have five. (By the old law, committees had from ten to twenty members, a group which was found by experience to be too large and unwieldy.)

2. Committees shall be changed each semester rather than each year.

3. Girls shall be automatically dropped from committees if they miss two meetings without excuse.

Janet McNulty presided at the assembly, Margaret Loomis read the minutes, and Miss Lulu Wright made several announcements. Helen Shepard, Frances Ellis, Alison Burge and Emma Bickham made the motions to amend the constitution.

Writes Thesis on Waterway Project

"The St. Lawrence Deep Waterway Project and Improvement of the Duluth Superior Harbor for Ocean Traffic" is one of the most interesting topics being worked on as thesis for graduation this year at Purdue university. The study has been made and thesis written by W. H. Huffman of Wilmette, who will receive a master's degree in civil engineering in June. Huffman, who was graduated from New Trier High school in 1928, made a complete study of the waterway project and what needed to be done in changing the Duluth Harbor to handle the extra traffic which necessarily would follow this improvement. In his study Huffman had the co-operation of Maj. A. K. B. Lyman of the U. S. Army engineers' corps, and other officers stationed at Duluth, and made several trips to Duluth for inspection and study of the facilities as they exist today. Huffman's father, F. C. Huffman, a Purdue alumnus, is assistant chief engineer of the Chicago and North Western railway.
