BAR SELECTIONS APPROVED HERE

New Trier Heeds Recommendations in Judiciary Ballot; 5 to 1 for Repeal

While the fusion slate of candidates, comprising the entire Democratic ticket, was swept into office by large majorities in Tuesday's Judicial election, New Trier township voters followed closely the Chicago Bar association recommendations by splitting tickets liberally to vote for several Bar association favorites in the Republican column. The Bar association selections all received large majorities in the New Trier precincts.

Meanwhile the voters in the township piled up a decisive majority

Returns on Page 48

Editor's note: Page 48 of this issue provides complete unofficial returns by precinct in New Trier township of the Judicial election held Monday, June 5. Precinct returns on the Repeal question also are recorded in that page.

We gratefully acknowledge the splendid cooperation of the judges and clerks in all of the New Trier precincts, without whose kindly offices it would have been impossible to provide the complete tabulation of the election returns.

for repeal of the 18th Amendment. Every precinct went over-whelmingly in favor of ratification, the township as a whole going that way by a ratio of approximately 5 to 1.

Kinne Gets 2,628

Harry C. Kinne of Wilmette, who was accorded a glowing tribute by the Bar association only to lose out in the association's poll of recommended candidates by four votes, was given a splendid vote in his home community, though he fared indifferently in the other New Trier towns. He received a total of 2,628 votes in the township on the face of unofficial returns.

Judge Daniel P. Trude, Republican, polled the highest vote in the township, amassing 6,000. Judge Frederic R. De Young, unopposed candidate for justice of the Supreme court, received a complimentary vote of 4,874.

Vote on the ratification question was 5,948 for repeal and 1,520 against.

Repeat Wet Sentiment

It is interesting to note that this is the second time New Trier has gone decisively anti-Prohibition in a popular election, having registered a wet sentiment a few years ago in a state-wide election on the wet and dry issue.

The People's Judiciary slate of candidates received only a scattered few votes in the township, so few in fact as to be negligible in comparison with the two principal tickets.

RETURNS TO VILLAGE

Mrs. Fred Gage, 707 Cummings avenue, Kenilworth, is home from New Albany, Ind., bringing with her her nephew, Edwin Scharf, and niece, Frances Thomas from Terrace Park, Ohio.

Hearing on Water Works Injunction Suit Next Monday

Hearings on the injunction suit instituted by the Shawnee Country club in an effort to stop the erection of the new Wilmette municipal water plant will begin next Monday before Master in Chancery Julius H. Miner, Village Attorney Willis D. Nance reported at the regular meeting of the Village board Tuesday night.

Meanwhile work on the construction of the water plant is progressing according to schedule. Work will be started next week on the laying of the intake pipe. Part of the pipe already has arrived in the Village, and the work of digging the trench for the pipe has been started.

While this trench is being dug and while the pipe is being laid bathers using the Wilmette beach have been advised to stay away from the scene of operations.

At its regular meeting Tuesday night the Village board let the contract for the finished brick for the exterior of the water works to the Hydraulic Pressed Brick company of Peoria.

School Athletes Get Rotary Club Awards

Twelve boys and two girls in the Wilmette public schools who have demonstrated exceptional proficiency in athletics received awards at the regular luncheon of the Wilmette Rotary club at the Shawnee Country club Wednesday. The awards are made annually by the club. Motion pictures of the 1932 Olympic games in Los Angeles were shown for the entertainment of the youthful guests of honor.

Awards to girl athletes are given this year for the first time since the Rotary club established the custom several years ago.

Winners of awards included:

Katherine Wenter, Dorothy Davis, Edward Mahle, James Lamb, Charles Soule, Harold Ray, James O'Neil, John Versino, Robert Steffens, Robert Smith, James Versino, Harvey Steffens, Frank Brychta, and Robert Christiansen.

Waive Right to Receive Salaries From Village

Wilmette's village president, C. P. Dubbs, and members of the Village board have voluntarily agreed not to accept any payment for their services during the present fiscal year on account of the financial condition of the Village. Formal action to this effect was taken in resolutions adopted at the regular meeting of the board Tuesday night. The action means a continuation of the policy of the officials with reference to salary. Although a Village ordinance provides a fee for attendance at each board meeting, the trustees and the president have not been accepting any salary for some time.

HOME FROM PURDUE

Bob Richardson, 145 Melrose avenue, Kenilworth, will be home from Purdue university on June 9. His sister, Miss Martha, who attend Simmons college in Boston, returns next Monday.

SET DEADLINE FOR RETURN OF TAX SCHEDULES

Under instruction from the County Assessor and in order to complete the work of personal property assessments for 1932, it is necessary to fix a date after which all schedules not returned will be estimated and a penalty of 50 percent added.

The dates fixed will provide a period of time exceeding ten (10) days from the date of receipt of the schedule, in which every person to whom a schedule was addressed has had more than the ten (10) days limit provided for in the schedule in which to return same properly filled out—either by the addressee or by personal call at the assessor's office at Wilmette.

The dates are as follows:

Glencoe	June 12
Winnetka	June 13
Kenilworth	June 14
School district No. 37	June 14
School District No. 40	June 14
Wilmette	June 19

All schedules not returned properly filled out, signed and sworn to on or before the above dates will be estimated and a penalty of 50 percent added.

George R. Harbaugh,
Assessor, New Trier
Township.

Wilmette Coast Guards Rescue Seven Persons

Wilmette coastguardsmen have rescued seven persons from drowning within the last two weeks. On Monday morning, May 29, when a sailing sloop, "The Tailspin," overturned in the lake about a mile southeast of the coast guard station at Wilmette harbor, the coastguardsmen rushed to the scene in their surf boat and picked up William Akely, 615 Lake avenue, George Twitchell, 221 Dupee place, and Reginald Green, 707 Laurel avenue. Monday afternoon of this week four university students took a canoe out in the lake, and about a mile off the Northwestern university campus it capsized. The coastguardsmen picked up two of the students, who were nearing exhaustion clinging to the overturned canoe, and the two others who had started swimming towards the shore were rescued by a row boat.

ROOSEVELT O. K. ON SKOKIE PLAN

Includes North Shore Valley Region in National Reforestation Project

President Roosevelt has formally included the Skokie region in his reforestation project, as suggested some time ago by Emmett Whealan, president of the Forest Preserve Commissioners.

This happy news was received at the Forest Preserve headquarters Saturday of last week, and Charles C. Estes, chief construction engineer of the Forest Preserve district, was given instructions to complete the necessary surveys as quickly as possible.

Engineers Rush Survey

A corps of twenty-five engineers and about forty rodmen and other assistants under the direction of Mr. Estes have been in the territory for the past two weeks, in anticipation of the word to go ahead with the project.

Within two weeks, it is thought, the survey will have been completed, to be followed by the arrival of one thousand or more men to do the drainage and reforestation work comprised in the development.

The Skokie project, it is explained by Charles G. Sauers, superintendent of the Forest Preserve, can be started at once by the \$30 a month laborer, which the President is authorized to employ for his reforestation plan, since the Forest Preserve district already owns the land. Superintendent Sauers points out that it will be possible to house the workmen at Fort Sheridan, transporting them 5 to 12 miles to the Skokie district for their daily work.

Plan Lagoons

In the development scheme it is proposed to create lagoons in the Skokie marshes to serve as flood reservoirs when needed, and recreation spots. This involves the moving of about 1,000,000 cubic yards of earth which, due to the nature of construction and the shortness of the haul, could be done by a large corps of hand laborers.

The project will require provision by the government of equipment in the form of trucks and tools and to retain necessary supervisors. In the autumn the government will also supply young trees for planting purposes.

Strict Enforcement of Dog Ordinance Ordered

Strict enforcement of the Village's dog ordinance will begin next Monday. Chief of Police Henry Brautigam warns. On that day the dog catcher will start picking up all dogs found running at large unmuzzled or without licenses. The ordinance requires that all dogs must be muzzled until November 1. Dogs picked up by the dog catcher will be kept for five days and if not called for within that time by their owners will be disposed of, Chief Brautigam said. Three persons have been bitten by dogs thus far this month, the chief reports.
