New Trier Summer School Enrollment Under 1932

The New Trier High school summer school opened Monday morning with an enrollment somewhat smaller than had been anticipated. Registration at that time was practically completed, and the total enrollment is expected to be below the 400 mark, it was reported at the registrar's office. Last summer the enrollment was about 400. The summer school, which is being conducted on a tuition basis as it was last year, will continue for eight weeks. All classes are held in the morning.

Mr. and Mrs. Frank Wenter, Jr., 1204 Ashland avenue, are chairmen of the entertainment committee at the Railway convention of Association of Claim Agents, being held at the Sherman House, June 21, 22, 23.

Driver of Stolen Car Shot Fleeing Kenilworth Police

When questioned by a Kenilworth policeman Wednesday night, June 14, concerning an automobile which, it was later revealed, had been stolen at Terre Haute, Ind., Elmer G. Cook, 25 years old, fled on foot and, failing to heed the warnings of the policeman, was shot through the left arm. A short time later Cook was arrested by the Wilmette police on the porch at the Thomas E. Thompson residence, 1311 Ashland avenue, Wilmette.

Cook was approached by Officer Frank Rayburn of the Kenilworth Police department about 10:15 o'clock on Cumnor road near the Wilmette-Kenilworth limits. Not satisfied that the car Cook said he had driven here from Tuscola, Ill., belonged to Cook, Officer Rayburn ordered him to the Kenilworth police station for further questioning. Cook then broke away in the darkness and started running across a vacant lot. Warning shots by the officer failed to stop him, but one of the bullets pierced the fleshy part of his left arm. He was bleeding profusely when he was arrested, after police departments in the neighboring communities had been notified to be on the lookout for him.

Cook was taken to the Evanston hospital, where his wound was dressed. At the request of the Terre Haute police he was turned over to the Department of Justice for violation of the Dyer act relating to transportation of stolen cars from one state to another.

BEACH ATTRACTS RECORD CROWDS**Sweltering Heat Early This Week Drives Villagers to Cooling Waves for Respite**

Registered attendance at the Wilmette beach jumped from 270 last Saturday, the official opening day, to 1,402 on Sunday. The rise in temperature after the comparatively cool weather Saturday was responsible for the increased attendance on Sunday.

Monday's registered attendance of 1,363 was nearly as large as that of Sunday. This figure brought the total registered attendance for the first three days that the beach was officially open to 3,035.

Official Count Low

In addition to those who used the bath house facilities, there were a considerable number of other persons who went to the beach for a sun tan and who did not go into the water. Although the registered attendance for the three days showed the total of 3,035, actually a larger number of persons used the beach.

Because of the building operations at the new municipal water works the beach is divided into two sections at present. A strip about one hundred yards wide dividing the two sections is fenced off. Bathing is allowed only on the portion of the beach south of the water works. It is in this section that the bathhouse is located. That part of the beach north of where the water works is being built is used as a playground, but no bathing is permitted there.

Kennedy Heads Guards

James Kennedy, who has been employed at the beach for several years, is captain of the life guards. Other guards are "Bud" Howard, Charles Patterson, Robert Crawford and Willard Meier. The life guards were chosen after tests had been conducted last week at the Shawnee Country club under the direction of David C. Leach of Wilmette, who is in charge of swimming activities at the Union League club, Chicago.

Water temperature at the beach since the official opening last Saturday has ranged from 62 to 66, according to Richard Macalister, the beach master.

Mrs. D. E. Penick of 609 Central avenue, with her two children, has left Wilmette to spend a month or six weeks with Mrs. Robert S. Gantt in Trenton, Mo.
