## School Athletes Receive Awards for Year's Work

The annual awards of letters for the grammar school athletes and the field day awards were given out at the Howard school auditorium Tuesday evening, June 13.

Frank Hill, head track coach at Northwestern university, and the Rev. John Hindley of the First Congregational church were the guest speakers. Mr. Hill's talk was on the Tenth Olympiad held at Los Angeles in 1932.

The Rev. Mr. Hindley made the Rotary awards to both boys and girls, and called attention to the fact that this is the first time that the Rotary has made such awards to girls. Dorothy Davis of Howard school, with the highest number of points earned at her school, and Katherine Wenter with the highest number of points earned at Stolp school were the girls so honored.

The Rotary awards for boys were based on athletic achievement, and the boy honored must have earned a letter in each major sport conducted during the school year. The boys receiving the award were: Frank Brychta, Howard; Robert Christensen, Howard; Robert Smith, Howard; Harvey Steffens, Howard; Robert Steffens, Howard; James Versino, Howard; John Versino, Howard; James Lamb, Stolp; Ed Mahle, Stolp; James O'Neil, Stolp; Harold Ray, Stolp, and Chares Soule, Stolp.

### Girls Receive Awards

Miss Mabel Park presented letter awards to the following girls. Those whose names are followed by four asterisks received the gold star award which denotes their fifth or sixth letter; those followed by three asterisks received the blue stripe which denotes their fourth letter; those marked with two asterisks were given the white stripe denoting their second letter, and those followed by one asterisk received their first letter this year. Immediately preceding the asterisks is the number of points each girl earned during the school year.

## Record Attendance Marks Play Start

The eighth season of summer playgrounds opened Monday at the Village Green and Vatman park with a record attendance, according to Daniel M. Davis, director of recreation.

No accurate estimate of the first day's enrollment could be obtained, but despite the extreme heat of opening day, the playgrounds drew a record crowd, it is explained.

The playgrounds are conducted free of charge from 9 o'clock in the morning until 4 o'clock in the afternoon for all children in Wilmette, Mr. Davis says.

## Jack Riley Gives First Talk in "Hero" Series

Jack Riley, former Northwestern university football star and Olympic wrestler, gave the first of a series of "hero" lectures to the members of the Village Green playground Monday evening, the opening day. His talk concerned the late Knute Rockne and happenings in the Olympic Games at Los Angeles last summer. Other lectures by persons prominent in the sports world are being arranged for the Village Green playground throughout the summer, it is announced.

## Students Topple Most of Records in Closing Tests

The final tests given by the physical education staff of the Wilmette public schools at the end of the school year completed a very successful year in athletic prowess as far as Wilmette grammar school athletes are concerned, it is announced. Only in one set of tests was it found that the 1933 local athletes had not shattered all previous marks set by their predecessors.

In the final tests given during the closing week of school it was found that three outstanding records were established which Daniel M. Davis, director of recreation, and his physical education staff think will stand for some years. These were the standing broad jump for girls, the playground ball throw for girls and the standing broad jump for boys.

### Boy and Girl Star

Dorothy Davis established both girls' records, making a jump of seven feet, eleven inches to achieve the first and throwing the 12-inch playground ball 119 feet to establish the second. Frank Brychta of Howard school set the new mark for boys in the standing broad jump when he leaped eight feet, two inches to lead his schoolmates in that event.

The three highest records in each event tested, standing broad jump for boys and girls, ball throw for boys and girls, and shot put for boys are listed below:
