

CLAIMS "BELLS" ANNOY

Village Manager C. M. Osborn reported to the Village board Tuesday night that several complaints had been received from residents in the neighborhood of Linden avenue,

Oakwood avenue and East Railroad avenue that the bells used by the Chicago & North Western railroad in its block signal system constitute a serious annoyance, disturbing to peace and quietude. The matter was referred to one of the trustees.

Dance in Children's Theater

(Theatrical Photos)

Dancing their way into the hearts of spectators in the Children's theater on the Enchanted Island at A Century of Progress throughout summer afternoons and evenings, has been this group of girls, two of whom are from Wilmette. They are "Sunny" Biser, in the doorway at the left, and Eleanor Hoelsli, in the doorway at the right. The most recent appearances of the group were Wednesday evening, September 13, and Saturday evening, September 16. As a group the children dance the Spanish Butterfly and a German Band dance. The girls are pupils of Gladys Hight.

TO CRUISE MEDITERRANEAN

Lloyd Willis, 326 Essex road, Kenilworth, left Friday, September 8, for Europe, accompanied by Chicago friends. They are taking the Mediterranean cruise along the Italian Riviera, their first stop being the Azores. They expect to be gone two months. Mr. and Mrs. Howe Willis recently returned from the east, where they visited Mrs. Willis' mother and brother in Dorset, Vt. They also visited in Albany and New York City, and stopped to visit the senior Mrs. Willis' family in Sandusky, Ohio.

The Walter Noble Gillett family, 533 Roslyn road, Kenilworth, have returned from Ludington, Mich., Mrs. Gillett spending part of her time with her mother in Evanston while recovering from an accident.

Mr. and Mrs. C. G. Littell, 322 Woodstock avenue, Kenilworth, entertained a few friends on Saturday evening, September 16, to meet Mrs. Alex Hannah, who is here from California.

Mr. and Mrs. Ralph Horton of Rye, N. Y., have been recent guests of the Fergus Meads, 320 Oxford road, Kenilworth. They were here a few days for A Century of Progress.

**Hold Rousing Party for
Dog License Delinquents**

About sixty Wilmette residents were cordially invited to appear before Police Magistrate John J. Peters Wednesday of this week to explain their continued neglect to secure 1933 dog licenses. In some of the cases, it was said, the defendants no longer owned the dogs and just forgot to notify the Village authorities to that effect. The policy of the authorities in the matter of vehicle and dog licenses has been one of leniency, it is stated, but the approaching close of the year renders that attitude no longer a virtue. Hence the pressure being applied at this time.

Mary Bernice, daughter of the William P. Kinsellas of 143 Abingdon avenue, Kenilworth, has returned to Rosary college, River Forest, Ill.

Mr. and Mrs. James D. Baker and daughter, 519 Sunset road, Winnetka, are again at home after a delightful month spent near Mackinaw, Mich.

Frances Sellery, 908 Ashland avenue, left Monday, September 11, for New London, N. H., where she will attend Colby college.
