

NRA Boosts Participation in Recreation Board Activities

Director Davis Announces Round of Winter Schedule to Begin November 6

Leisure time provided through the National Recovery Administration codes is expected to swell the adult attendance in all future activities conducted by the Playground and Recreation board of the village and to that end Daniel M. Davis, director of recreation, and his staff have planned enlarged programs to accommodate this increase in numbers of participants for the 1933-34 program which begins November 6.

Although there has been little change in the program from last year, larger numbers will be cared for in each activity and all athletic leagues are being increased by two or more teams. One extra evening has been added to the schedule and it is possible that another will be added if the girls' basketball leagues continue to grow as the present enrollment would indicate.

Staff Hours Longer

Since the NRA has ruled that no permanent code will be made to cover social and public welfare agencies, the new program of the Recreation board will force the staff members to lengthen their working hours to conform with the demands of the program and in common with other Recreation boards of the country the enlarged program must be conducted with a budget reduced by 20 percent from its former level.

The 1933-34 program will include the following activities:

Announce Program

Boxing and wrestling for men with weekly meetings at the Howard gymnasium Monday evenings at 7 o'clock.

Three basketball leagues for men. "A" league will play on Wednesday evenings at both Howard and Stolp gymnasium. "B" league will play on Tuesday evenings at the Howard gymnasium. These leagues will operate as one big league until the eight strongest teams can be determined and then they will be separated into two leagues. The North Shore Basketball league will play on Friday evenings at the Howard gymnasium beginning at 7:30 o'clock.

A girls' basketball league in which the participants must be above the sophomore year in high school will meet on Monday evenings at 7:45 o'clock at the Stolp gymnasium and another league for girls under the sophomore year will meet at 7 o'clock on Monday evening at the Stolp gymnasium and at the same hour at the Howard gymnasium on Thursday evenings.

A men's volleyball league will meet at 7:30 o'clock on Monday evenings at the Howard gymnasium.

Resume Women's Class

The women's gymnasium class which has held its weekly meetings at the Howard gymnasium for the past seven years will be resumed. The class meets at 8 o'clock.

A gymnasium class for girls who have not gymnasium classes in their schools will be held Monday and Friday afternoons at the Howard gymnasium beginning at 5 o'clock. The classes on Monday afternoon will be for girls under 11 years of age and those on Friday afternoon will be for those 11 years of age and older.

A boys' basketball league will be conducted at the Stolp gymnasium on Tuesday evenings beginning at 7 o'clock.

Where to Get Information

For information regarding entry fees and eligibility in any of the above activities applicants are asked to communicate with Director Davis, any member of the recreation staff, who are Dudley C. Stone, Glen W. Gather-

coal, and Miss Joe Skidmore, or telephone the Recreation office, 914 Central street.

Mr. Davis announces that all residents of Wilmette are urged to participate in some recreational activity and if the Recreation board does not provide the activity in which there is general interest, such activity will be added upon request of any group of citizens who show that there is sufficient numbers interested to warrant the expense of the activity.

Glenview Objects to C.C.C. Camping Site on Lake Ave.

Objection on the part of the Village of Glenview to the housing on Lake avenue of one of the companies of men of the civilian conservation corps now working on the Skokie reclamation project, has temporarily delayed the stepped-up program designed to have the men in the new winter quarters before cold weather sets in.

Before the erection of the buildings which are to comprise the main camp at Glenview and Harms roads could be started, it was necessary to complete barracks in the forest preserve on the south side of Lake avenue for the removal of the one company of colored workers which has been temporarily quartered at Glenview and Harms roads.

Chicago Firm Does Job

The contract for the erection of these buildings, as well as those which are to house the four companies now in tents at Willow road and Skokie boulevard, had been awarded to the E. I. Archibald company of 111 W. Washington street, Chicago.

A large force of men had been put to work and the smaller Lake avenue camp was springing up with the speed of "boom" town building, when the Glenview objectors succeeded in calling a halt, necessitating a change in the plans.

Occupy New Site

An adjustment has been made with the contracting construction firm which will now remove the buildings already erected to a point considerably south of the present Lake avenue site, but still in the forest preserve property and to the north of the Glenview-Harms road site designed for the ultimate housing of nine other companies.

The shift in plans is being made with all speed possible and in the meantime the men in the present five companies, who are quartered in tents, have been made comfortable by the installation of stoves in each of the tents.

Invite Villagers to Discussions on Art

Francis Marion Arnold of the faculty at National College of Education is offering a course in the history and appreciation of art this fall which deals directly with the art exhibit at the Chicago Art Institute in connection with A Century of Progress. The lectures are illustrated by pictures from the catalogue of the Art Institute and post cards from Mr. Arnold's own collection by use of the reflectoscope.

Among those attending the Harvest home dinner dance at the Illinois Golf club Saturday were Mr. and Mrs. Arthur Hammond, Mr. and Mrs. Robert McKay, and Mrs. Albert Weber, of Wilmette.

Miss Lillian Meyers, 628 Abbotsford road, Kenilworth, left Saturday for Winchester, Mass., where she went to attend the wedding Tuesday of her niece, Mary Alice Speedie, formerly of Kenilworth.
