

# SHOP IN THE "L" Terminal District

THE "L" Terminal Business Association greets you in the early New Year. The member merchants on this page have pledged themselves to offer you VALUES and SERVICES in this department each week that will merit your careful consideration, and regular trips or phone calls to this complete shopping district of Wilmette. These merchants and their Association have enjoyed and appreciated business relations with many of you during the past year, and during 1934 will strive to widen this circle of friendship and to merit a larger volume of trade.

### REMEMBER THIS?

FOR centuries large glass bottles or globes filled with colored fluid were shown in the windows of reputable druggists. In the time of the Great London Plague of 1665 they served as beacons of help and protection. We no longer show colored bottles in our window—but their significance as a symbol of health protection is still remembered whenever we carefully fill a prescription for you.
