

Offer Trophies to Skokie CCC Campers

The Optimist club of Wilmette, following its path of destiny as a "friend of the boys," has undertaken to encourage and reward energy and conscientious effort among members of the Skokie Valley CCC camps. At its meeting last Tuesday the club voted unanimously to present each month a silver cup to the company scoring the highest rating in conduct in the field. This scoring includes quantity and quality of work, sustained effort and workmanship. The company winning the cup for three successive months will be permitted to retain it as a permanent trophy.

Two other cups have been arranged for at these camps. The Captain Crehan cup will be awarded to the most orderly company in all activities coming under authority of the army, including cleanliness and orderliness of the company quarters.

Another trophy known as the County commissioners' cup will be awarded to the company producing the most work in the field.

Rivalry among the various companies for possession of these cups is growing daily, and bids fair to continue during the two years of work already planned.

Hollis Gleason, 910 Chestnut avenue, a junior at Purdue, is returning this Saturday to spend his spring vacation with his family.

Mrs. Arthur M. Long, 1106 Greenwood avenue, returned Saturday from a two weeks' visit to Melbourne, Fla.

Horace M. Capron, 560 Ridge road, will spend the week-end in New York on business.

WINS AWARD

Mathew Francis Photo

Mary Jane Orr, daughter of Mr. and Mrs. Lea J. Orr, 1002 Greenleaf avenue, is pictured here garbed as "The Girl From Mars," which brought an award for the most unique costume at the masquerade ball for juniors held recently at the Shawnee Country club.

Billy Carpenter, son of Mrs. John Carpenter of 239 Essex road, Kenilworth, is returning Friday from Woodstock, Ill., where he attends Todd school for Boys, to spend his Easter vacation.

Winnetkan Is Head of Whitman College

Dr. Rudolf A. Clemen, 650 Garland avenue, Winnetka, has been selected as president of Whitman college, the oldest institution of higher learning in the state of Washington. The college is located at Walla Walla.

Inauguration of Dr. Clemen, who is a nationally known educator, will take place on June 18 in conjunction with the seventy-fifth anniversary celebration of the college and the city of Walla Walla. Dr. Clemen will succeed Dr. Stephen B. L. Penrose, president since 1884, and will be the fourth in Whitman's line of presidents.

A native of Halifax, Nova Scotia, Dr. Clemen received his master's degree at Dalhousie university and his doctor's degree at Harvard. He was at one time a member of the faculty of Purdue university. Later he served as assistant to the president of Northwestern university, and was attached to the department of history and economics. More recently he has lectured before the school of business of the University of Chicago.

Formerly With Armour's

In the business field Dr. Clemen has served as associate director of Armour and company's livestock bureau and as associate editor of the National Provisioner, a business paper of the packing industry. Another Winnetkan, Paul I. Aldrich, is editor of this paper.

Dr. Clemen is the author of a number of books on industrial economics. His first, "The American Livestock and Meat Industry," was published eleven years ago. A later book, "By-Products of the Packing Industry,"

Legion Auxiliary

(Wilmette Unit 46)

The Wilmette unit of the American Legion Auxiliary has a very attractive booth at the Wilmette Club Mart, displaying articles made by the World war veterans at the North Chicago and Edward Hines hospitals. In the absence of Mrs. T. Hall, rehabilitation chairman, Mrs. C. A. Peterson is in charge of the booth, assisted by several of the members. The articles for sale are all hand work, and show some exquisite talent among disabled veterans. To dispose of their work means much to these men, and it is the hope of the auxiliary to do all it can to encourage their efforts.

The March meeting of the sewing committee was held at the home of Mrs. David C. Leach, who is a very charming hostess. The meeting was well attended and several layettes were finished. The workers were rewarded with a delicious supper and a very pleasant evening. "If some of the new members knew what an enjoyable evening was in store for them we would have a larger representation at the sewing committee meetings," reports Mrs. A. Rodenkirk, the chairman.

Donald Kimball, 337 Leicester road, who attends Dartmouth college, will spend his spring vacation visiting friends in New York.

was published by the University of Chicago press.

The college of which Dr. Clemen is to become head has a student body of 600. It is nonsectarian and interdenominational.

WHAT WOULD YOUR DOCTOR SAY?

A FEW days ago, a prominent Evanston business man called upon his Doctor. During the conference, the Doctor very easily detected the real cause of his trouble. The man was tired mentally and run down physically. His low vitality displayed itself by a lack of his old time "pep."

THE DOCTOR'S SENSIBLE SUGGESTION

The Doctor inquired—"Do you know about the great recuperative facilities of the Evanston Y. M. C. A.?" "No." Like thousands of others, he had merely heard that there was such a place. The Doctor urged his immediate investigation with "just what you need for a general spring tonic." This business man is NOW a member, taking regular exercise under the guidance of a competent physical director. HE HAS TAKEN THE ROAD BACK for renewed vitality, mental alertness and physical fitness. WHY DON'T YOU?

Come next week and enjoy yourself—FREE. Swim, exercise, play, ride the Mechanical Horse—you'll love it!

Men \$2.50 a Month
for Average Cost

(About the cost of your Newspapers)

YOU GET UNLIMITED USE OF THE COMPLETE FACILITIES

WOMEN, \$1.50 per month average cost.

BOYS, \$1.25 per month average cost.

GIRLS, \$1.25 per month average cost.
