

## Sheridan Shore Yachting News

Sheridan Shore Yacht club's third race of the "A" series was sailed Saturday, June 2, in a strong north-east wind and heavy sea. Tom Waage, using a considerably reduced mainsail, brought his "Neo" home in first position in 1 hour and 22 minutes. The Pirie brothers in "Gemini" were second and Burt Ellis sailing "Smack" was third. Max Hayford, in his "Twinkle Ditto," ran into difficulty at the end of the first leg when an extra large wave piled him onto the first marker, thereby causing him to withdraw from the race, disqualified.

All of the sailors and sailorettes received a severe drenching, but when warmed again by the fire in the clubhouse, voted it a very enjoyable though strenuous race.

The second race of the "Red" series held on Sunday, June 3, was sailed under conditions decidedly contrary to those of the previous day. A near-dead calm almost prevented the race from being held, but, after finally rounding the southeast mark off the Grosse Point light, the boats encountered a slight breeze out on the lake.

The Pirie brothers in "Gemini," being in the lead, reached the wind zone first and were able to bring their yacht home by a margin of 8 minutes and 45 seconds ahead of Max Hayford's "Twinkle Ditto," who fought it out all the way with Tom Waage in "Neo."

### Order of finish:

Sheridan Shore Yacht club celebrated Memorial Day by holding its third official Star Class Sloop race. There were ten yachts in the race which was won by Charles Knight in "Ali Baba." Knight's boat, not having been long in the water and leaking badly, kept the skipper busy bailing. In addition to this handicap, part of the rigging gave away which necessitated skillful maneuvering, but, in spite of these difficulties, Knight brought his boat home in first place, but only 17 seconds ahead of Max Hayford in "Twinkle Ditto." "Twinkle Ditto" had been only a short time in the water, also, and Hayford was forced to bail strenuously during the entire race with a discarded shirt, having overlooked the necessary bucket. W. T. Stockton, skippering "Walrus," pulled up from the last place, caused by a bad start, to take third position 17 seconds behind "Twinkle Ditto."

The first six boats finished within

1 minute and 22 seconds of each other. The winner's time was 1:02:43 and that of the last boat 1:07:22.

### Order of finish.
