Sweet Cherries and Alligator Pears

FIVE DELIVERIES DAILY

2 Kenilworth Boys Are Graduated at Dartmouth

Thomas D. Hicks and John P. Spiegel, both of Kenilworth, were among the 450 Dartmouth college seniors who received the Bachelor of Arts degree Monday morning at the 165th commencement exercises of the historic New England college.

Hicks, who resides at 241 Melrose avenue, has been one of the outstanding leaders in the graduating class. As manager of the varsity track team, he was chosen as one of the three undergraduate members of the athletic council. He has served as secretary of Palaeopitus, the student council, and of Green Key, the junior honorary society. He is also a member of Psi Upsilon fraternity and Casque and Gauntlet senior society.

Spiegel, whose home is at 140 Melrose avenue, was one of three undergraduate speakers to address the class at the graduation exercises. He spoke on the subject: "Education and Social Reform." He has been interested in literary activities as an undergraduate and served on the editorial board of Steeplejack, student journal of controversy. He was also a member of the Board of Governors of the Junto, undergraduate liberal organization.

Mary Barrett, daughter of the Frank Barretts of 615 Essex road, Kenilworth, entertained thirty guests at a dinner dance Saturday.

SKOKIE VALLEY CAMP RANKS AS ONE OF FINEST

Improvement Program Is Carried Out Under Direction of Capt. John P. Crehan

In addition to accomplishing a vast amount of work in the Skokie reclamation project, the ten companies of CCC workers have also found time to transform Camp Skokie Valley from a bare, undeveloped forest preserve spot into one of the outstanding camps of its kind in the entire country.

And all this has been done in a little more than six months. Prior to that time the camp, in temporary quarters, was located at Skokie boulevard and Willow road. With its moving into permanent quarters at Glenview and Harms roads on December 4, a program of development and improvement was inaugurated which is now apparent to all who pass that way and which is eliciting highest praise from the superior officers who make frequent inspections.

Captain Crehan in Command

Capt. John P. Crehan of the Third Field Artillery was placed in command of the camp soon after its removal to its present location. It was under Captain Crehan's command that Company 647 of a Wisconsin camp attained the highest rating of any company in the Sixth corps area, comprising Illinois, Wisconsin and Michigan.

Since taking charge of Camp Skokie Valley Captain Crehan has been inculcating the same ideas and systems which accomplished so much in his former company organization, and as a result every officer and man in the camp have become enthusiastic supporters of the plan.

Everything "Spick and Span"

All barracks, kitchens and mess halls are "spick and span." The main service road through the camp, as well as all connecting roads, are graded and parked. Pretty grass plots and small vegetable gardens dot the camp here and there. Trees and shrubs have been planted, and in the past week the area between the service road and Harms road was converted into a bridle path for the equestrians from the nearby riding stables who may now view the camp a-la-horse.

There is individual and company pride throughout the camp. The men, returning from work at 4:30, dusty and dirty, are bathed, shaved and attired in neatly pressed uniforms by 5:15. With shoes shined, they are on their toes for retreat formation to show their respect to the flag, and then the "eats." Piping hot food, in abundance, is served from spotlessly clean kitchens.

Miss Eleanor Reed of Nashville, Tenn., arrived Tuesday to visit Miss Gertrude Batter of 157 Kenilworth avenue, who entertained in her honor last Thursday at a dinner dance at the Edgewater Beach hotel.
