

## Music Groups in Fine Fettle for Christmas Concert

The New Trier music department has been developing and featuring a number of small ensembles this year, and all of these groups will appear in the annual Christmas concert on Sunday afternoon, December 16, in the Leslie F. Gates gymnasium-auditorium.

A girls' trio, under the direction of Miss Frances Anderson, and a girls' octet, which is in charge of Mrs. Adelaide Jones Bradburn, are two of the new organizations. Betty Faxon, Virginia Buchanan and Betty Burlingham are the members of the trio. In the octet are Jayne Henderson, Marcia Ennis, Dorothy Edwards and Jeannette Farwell, sopranos, and Eleanor Burpee, Peggy Parker, Betty Rosen and Marion Taylor, altos.

A popular group which won high praise for its work last year is the boys' octet. The octet was called upon for many appearances before organizations throughout the township and in Chicago last season, and will again sing for the Christmas concert audience. Members of the group at present are Bill MacMorran, Julius Cahn, Bill Jenkins, Bertil Hillner, Hugh McCalmon, Bill McFadzean, Ed Snyder and Bill Cassell. They are working under the direction of Mrs. Marian Cotton, head of the music department.

A chorus of approximately 700 voices and an orchestra of 75 will take part in the program. Mrs. Cotton states. Alumni of the school are giving their assistance in both the vocal and orchestral sections.

The gymnasium-auditorium will have the customary seasonal decorative scheme for the concert. The art department is taking charge of this phase of the arrangements.

## Invite to Exhibit of Metal Craft at Evanston Art Center

Of interest to artists, and to enthusiasts over metal craft, will be the program tonight (Thursday) at 8 o'clock at the Art center in the Evanston library by Tage Palm, commissioner to the Swedish pavilion at A Century of Progress, and Ernst Hagerstrom of Evanston, who will have an exhibit and demonstration of his work following Mr. Palm's talk on "New Ideas in Metal and Modern Art." Mr. Hagerstrom, who did a good deal of the metal work in the Crystal house at the World's Fair, and had a display at the House of Tomorrow at A Century of Progress, has a permanent exhibit in his studio at 680 Weed street, Chicago.

Included in the display tonight are articles of such decorative and utilitarian nature as cocktail shakers and glasses, table decorations, candelabra and fire screens, fashioned on advanced modern designs, which mark his work as some of the finest of its kind. They will be of a variety of metals, including chromium, bronze, pewter, brass, nickel, silver and stainless steel.

Mr. Hagerstrom came to this country just seven years ago from Sweden, the country generally regarded as most advanced in the field of modern art, and formed here the Swedish Art Metal company. His work appeared in a number of places at A Century of Progress. He executed both the fountain in the sunken court of the Hall of Science and the Coca Cola fountain in the Agricultural building. He also had displays in the Hall of Religion, the Architectural exhibit. Among his other work he made the communion rail in the First Methodist church, claimed by many to be the most beautiful piece of metal in Evanston, and did the bronze gates for the Sister Benedictine chapel at Mundelein.

After the holidays Mr. Hagerstrom expects to open a metal craft school.

## H. L. McDaniel Heads Evanston Realty Board

In a meeting that reflected the optimistic outlook in improved real estate conditions, H. L. McDaniel of the firm of Wirtz, Haynie & Ehrat was elected president of the Evanston Real Estate board.

Other officers and directors elected at the session held Monday evening, December 3, at the Board rooms, 1569 Sherman avenue are:

Officers: William A. Sadler, vice-president; O. H. Armstrong, secretary; Edmund J. Smith, treasurer.

Director (for 3 years): V. J. McDonnell.

Directors, Property Owners division: A. K. Scheidenhelm, Herbert L. Lucas.

Directors, Insurance division: Charles J. Connor, Ray L. Dowdall.

As an indication of the revived interest in real estate circles it was pointed out that sixteen new members had been admitted to membership in the Real Estate board during the year. The monthly meetings showed an attendance average almost double that of last year. The keynote of the meeting was expressed by George Cyrus, retiring president, who stated:

"The year 1934 has seen the turning point in our business and the improvement is already beginning to be reflected in general business trends. Sound prosperity is dependent upon normal conditions in real estate and now with the revival of our business the future looks definitely better."

Miss Alice Law, 321 Kenilworth avenue, Kenilworth, entertained a group of grand nephews and nieces at Thanksgiving dinner last Thursday.
