AT SUNDAY CLUB

Major James Sawders, an authority on Latin America, will present the program at the Wilmette Sunday Evening club December 9 at the First Congregational church. His subject will be: "The West Indies and the Spanish Main." The lecture will be illustrated with motion pictures.

Major Sawders, a graduate of Carnegie Tech, finding when the World war ended no immediate need in the army for a chemical engineer, looked about for a new world to make his own. The lands to the south of us lured him and his first holiday was spent on a tramping tour of the Caribbean countries. Year after year Major Sawders has returned to these lands, starting at the Rio Grande and stretching southward to Cape Horn.

Every country from Mexico to the southern tip of South America is familiar to Major Sawders, who is almost constantly on the go to ferret out new material for his fascinating lectures.

Board Adopts Major Street Proposition

The major street plan as developed by the Wilmette Plan commission, upon which a public hearing was held on November 16, was adopted by the Village board at its meeting Tuesday night. The proposed improvements of existing arterial highways, and the routes of new highways and extensions, were illustrated and described in the November 22 issue of WILMETTE LIFE.

All of the improvements, with the exception of Isabella street, are in the territory west of Ridge avenue, and it was explained that the purpose of adopting the plan at this time is to protect subdividers as well as the Village in any real estate developments that may take place there. Actual work is not contemplated in the immediate future, perhaps not for many years.

A number of property owners on Lake avenue, Illinois road and Isabella street were present to protest against the adoption of the plan. Petitions which they had previously presented were accepted and made a part of the record of the session. Discussion revealed, however, that no objections to the plan itself existed, but that the petitioners entertained fears that when actual widening of the streets came their property would be taken without compensation. Upon being assured that their interests were safe, objection to passage of the ordinance were withdrawn, although the petitions remained as part of the record.

Boys Drum and Bugle Corps Makes Bow Soon

The Kenilworth boys' drum and bugle corps, only organization of its kind on the north shore, will give its first public exhibition at a Boy Scout Court of Honor to be held at the Kenilworth Memorial gymnasium on Tuesday night, December 11. Forty-two boys who attend the Joseph Sears school are members of the drum and bugle corps. The group works under the direction of Edward Allen.

Mr. and Mrs. Earl R. Neir, 201 Ninth street, motored to Moline, Ill., to spend the week-end with their son and daughter-in-law, the Francis Neirs. They were dinner guests of Mr. and Mrs. Ralph Lourie in Moline.
