Reproduced below, is a portion of an advertisement appearing in a recent north shore paper. While intended to sell washing machines, its opening caption is as truthful statement as any advertisement ever carried.

No Washer is a bargain *at any price* - once you have compared its cost and results with laundry service

● Sensible people who sit down with pencil and paper and really figure out the costs of home washing come

to the inevitable conclusion that it is *no bargain!* No bargain in *actual dollars and cents.* No bargain in those *hidden costs* which include physical fag, mental meanness, an up : home, possible illness and many other quite dangerous but unnecessary things.

No, *no washer* or other method of home washing is a bargain at *any price* when the ultimate results are compared with the services and "bargain" prices of

such big, reliable institutions as the North Shore Quality Laundries.

At their present "bargain" prices you get a whiter, more immaculately clean, longer-wearing washing than you could ever hope to do at home. There is a popular service which will fit your special needs and purse. And whether it is Wet Wash or All-Pressed the same meticulous care and handling is accorded each piece of linen, each piece of apparel.

Why don't you sit down with a pencil and paper and compare costs? Don't forget to figure everything . . . the cost of the washer, electricity, soap, powder, water, the cost of a laundress, your time, etc.

Then consider your own feelings after a day at such a trying task as washing at home. You'll be led logically to the fact that for economy, a better washing, comfort and satisfaction, the sensible thing to do is to "Send it to the laundry . . . but be sure it is a North Shore Quality Laundry!"

● The North Shore Quality Laundry in your community offers a popular service which fits your every need. In each case you get work with a national reputation . . . work which sets a standard for quality for other laundries throughout the country. It is the kind of work at which the most discriminating housewife on the north shore will exclaim, "It's Beautiful!"
