

THANK

JIM DOLE

and

for the

WORLD'S BEST PINEAPPLE

Jim Dole has spent a lifetime perfecting the growing and canning of pineapple until today he is recognized in all parts of the world as the foremost producer of this delicious fruit. It is only natural that he should select the finest grocery stores in Chicago to introduce to the public a complete variety and selection (not available in other stores) of his pineapple.

If you are among the few who have never shopped at Jewel, you and your pocketbook are missing a rare treat. Thousands and thousands of our regular customers will tell you that Jewel stores are entirely DIFFERENT. Visit your nearest Jewel store this week-end and find out for yourself why Jewel is the fastest growing group of stores in the Chicago area.
