

Every Day and Party Needs to be Stressed at Cooking School

North Shore Women Invited to Sessions at Club

When the three-day cooking school sponsored by the Woman's Club of Wilmette opens Monday morning, February 25, women of the north shore will have an opportunity of attending one of the most instructive and interesting cooking schools ever held.

With Betty Thomas, nationally known home economist, conducting the school from an all-electric kitchen, housewives will be informed of new and original ways to prepare and serve everyday and party foods. Miss Thomas, home economist for Sprague, Warner and company, is considered one of the leading cooking school experts in the country for she has conducted thousands of them both on the air and before women's organizations. The technique which she has developed makes it possible for everyone in the audience to clearly understand each step in the preparation of her practical, economical recipes. She will also give many household and cooking hints that are real time and money savers.

Two-Hour Sessions

Each session of the school, to be held in the Woman's club building, will start at 9:30 o'clock and close promptly at 11:30. The first one will be entitled "Time Savers and Temper Savers." On Tuesday, the 26, Miss Thomas will take "Let's Stretch the Food Budget" as her subject and on Wednesday, the 27, she will discuss "Easy Entertaining."

A small admission charge will be made for each school with a special rate for all three. The proceeds will go to the club's building fund. Tickets may be obtained from members of the committee and at Van Deussen's and Schloesser's grocery stores.

THEY APPRECIATE

A Telephone Call

When you leave town, if only for a day, remember to call home and notify the family of your safe arrival. You will be repaid many times over for the moderate cost of the call when you hear the voice of wife, mother or delighted youngster and know that they are safe and well. Frequent telephone calls knit the family together regardless of the miles which separate individual members. Rates for station-to-station calls are lower after 7:00 P. M., and still lower beginning at 8:30. The low cost of an evening call home will surprise you.
