

Collector Sanborn Hale Exceeds Million Mark in 1933 Collections

New Trier Official Rates With Topnotchers in County

Township Collector Sanborn Hale who has been collecting the 1933 real estate and personal taxes, maintained his long established record of better than a million dollars in receipts during the four weeks beginning November 30, when he had the books. The total of his 1933 collections was \$1,005,391.21.

This is a record Mr. Hale has maintained each year since his 1925 collection. One year his total receipts reached over \$1,700,000.

Leader in County

Mr. Hale began his collection duties with the 1924 tax, and since that time has collected well over \$12,000,000. It is this record which has earned for him the reputation of being one of the topnotch collectors in Cook county.

Mr. Hale is also vice-president of the State Bank of Winnetka, the bank which was founded by his father, Henry R. Hale, in 1909. His collections are made at this bank, whose extended facilities in this direction it is felt have proven a genuine service to the community.

Christian Science Churches

"Spirit" was the subject of the lesson-sermon in all Churches of Christ, Scientist, on Sunday, February 10.

The golden text was, "Where the Spirit of the Lord is, there is liberty" (II Cor. 3, 17).

Among the citations which comprised the lesson-sermon was the following from the Bible: "Now there are diversities of gifts, but the same Spirit. And there are diver-

sities of operations, but it is the same God which worketh all in all. But the manifestation of the Spirit is given to every man to profit withal" (I Cor. 12:4, 6, 7).

The lesson-sermon also included the following passages from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "The rich in spirit help the poor in one grand brotherhood, all having the same Principle, or Father; and blessed is that man who seeth his brother's need and supplieth it, seeking his own in another's good" (p. 518).
