Overflow Crowd Swarms to Field's Fashion Show

A showing of brilliant new fashions at Marshall Field's Evanston store aroused much interest last Monday evening. The things shown included imports, copies and adaptations that were warmly received by north shore women. Since many people were advised of the show in these columns, Field's officials have asked this news-magazine to extend their sincere apologies for having been forced to disappoint so many people. An attendance far beyond expectations crowded the floor and made it necessary to exclude many who had come to witness the showing.
