### PREPARE FOR SUMMER

Wilmette harbor has been the scene of brisk activity on the part of the Sea Scouts. The slip they built as a mooring for the snipe Nor'easter was removed by the Coast Guard in order to build a much larger slip to moor the 26-foot speedboat transferred to Wilmette station from Racine. This new boat is for speedier response to emergency calls. Another slip was built for the Nor'easter. To aid in stowing necessary gear, a bank of three lockers was built and placed next to the mooring.

### LAUNCHED . . .

Weigels' Southerner was launched at Wilmette harbor Wednesday evening, May 29. The Southerner, Nor'easter and Lono each has made at least four trips so far this season.

### MONDAY MEETINGS . . .

The 7:30 o'clock Monday evening sessions will continue at the Baptist church until further notice. Any boy who wishes to join Sea Scouting in Wilmette is invited to attend. The only requirement is to be willing and eager to learn things nautical.

### Girl Scout News

### Beach Party to End Season for Troop 4

Tuesday of last week held a lot of fun for the Girl Scouts of Troop 4. We played games the moment we thought of them, and consequently everyone was running hither, thither and yon.

Finally we calmed down enough for Miss Palmer to set us to planning for next week's meeting on the beach.

I am sad to say that Miss Humphries could not be at this hilarious meeting. Her mother, Mrs. Humphries, had a very bad attack of quinsy. Here's wishing that she gets along all right.

The schedule for next Tuesday is for the closing meeting as aforesaid. We are all going to pack our suppers and be down there at 5:30 o'clock at the beach.

Several girls will receive attendance stars, and one girl is scheduled for a second class badge and for observer, health winner and artist badges. She will also receive a silver attendance star.—Mary Jane McCue, scribe.
