Christian Science Churches

"Substance" was the subject of the lesson-sermon in all Churches of Christ, Scientist, on Sunday, September 15.

The golden text was, "Ye had compassion of me in my bonds, and took joyfully the spoiling of your goods, knowing in yourselves that ye have in heaven a better and an enduring substance" (Hebrews 10:34).

Among the citations which comprised the lesson-sermon was the following from the Bible: "The works of the Lord are great, sought out of all them that have pleasure therein. He hath given meat unto them that fear him: he will ever be mindful of his covenant. The works of his hands are verity and judgment; all his commandments are sure. They stand fast for ever and ever, and are done in truth and uprightness" (Psalms 111:2, 5, 7, 8).

The lesson-sermon also included the following passages from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "Spirit is the only substance, the invisible and indivisible infinite God. Things spiritual and eternal are substantial. Things material and temporal are insubstantial" (p. 335).

Robert Berger, Jr., son of Robert O. Berger of 306 Kenilworth avenue, is leaving next week for New Haven, Conn., where he will enter his freshman year at Yale after having graduated from Lawrenceville in June.
