## ON THE LAKE

## IN EVANSTON

It is wonderful to live in a home built high on a walled-in terrace where every room is flooded with sunlight and where the views to the North and South are over lawns and into the woods, and to the East out over the colorful waters of Lake Michigan. A beautiful secluded spot where you never feel lonesome or isolated for it is right in the midst of Evanston and only 25 minutes by motor or train from Chicago's business district. A real retreat for a busy business man who cannot afford to spend much time commuting. 12 rooms, large living rooms, huge porches, garage with living quarters and everything that goes to make up a marvelous home. You may not believe it but a pair of Cardinal birds nest in the shrubbery and stay the year around. They like it.
