

Wildcats to Face Efficient DePaul Eleven Saturday

Northwestern's football team moves into its third and final week of pre-season drills with the knowledge that much polishing up remains before the squad will be ready for the opener with De Paul at Dyche stadium Saturday, September 28.

Much interest attaches to the Wildcats opener this year. It will mark the debut of Coach Lynn Waldorf and the other new members of the Purple coaching staff including Burt Ingwersen, line coach, and Jack Vance, backfield coach. All three are newcomers to the Northwestern staff.

Meet Worthy Foe

The Wildcats are not in the way of underestimating the strength of the Blue Demons from De Paul. For the past several years they have been piling up a remarkable record of victories and would like nothing better than to score an upset over a Big Ten opponent. Coach Jim Kelly and his aides have been working feverishly of late to whip together an outfit that will be prepared to give the Purple an interesting afternoon next Saturday.

Rapid progress has been made by the Wildcats in assimilating the new system installed by Coach Waldorf. The players have been quick to pick up the details of the new shift and in recent scrimmages they have clicked off their plays in workmanlike fashion.

Ends Big Problem

However, a number of positions on the team have been giving the coaching staff considerable concern. The end assignments present the greatest problem. Bill Henderson, last year's regular, has been unable to work out yet due to an ankle injury received during the summer. His place at left end is occupied at the moment by "Babe" Bender, a member of the basketball team who is playing his first season of football.

A knee injury sustained by Sam Papich, regular right tackle, has complicated the situation at that spot. With Papich on the side lines for the opener it is likely that either Vange Burnett or Les Schreiber, a pair of reserves from last year will get the

call. DeWitt Gibson, 225 pounder, seems to be the choice for left tackle.

Vets at Guard Spots

Paul Tangora and Steve Reid, a pair of experienced players, will probably start at left and right guard, respectively. Both seem to have a slight edge over the other candidates. Co-captain Al Lind, playing his third year, has the center job pretty well sewed up although Leon Wegner, husky sophomore, and Leon Fuller, 200 pound letterman, are pushing him hard. The backfield situation is hard to figure out. Bob Swisher, speedy veteran, and Don Heap, hard running sophomore, are waging a great battle for left half. Co-captain Wally Cruice, a senior, Francis Enard and Eino Hayskar, juniors, and Bill Boger, a sophomore, are the candidates for right half with Cruice holding an edge over the lot.

Don Geyer who played fullback last year, and Steve Toth, long distant punter, are fighting it out for quarterback with the choice about even. Hugh Duvall will start at fullback. His closest competition comes from Fred Vanzo, 215 pound sophomore, who has been handicapped by minor injuries to date.

GO TO WELLESLEY

The Misses Edith and Ruth Ostermann, daughters of the Rudolph Ostermanns, 234 Warwick road, Kenilworth, left last Thursday for Wellesley college where Edith will be a senior and Ruth a sophomore.

Mr. and Mrs. Horace Capron and daughter, Constance, 560 Ridge road, Kenilworth, returned Tuesday of last week from Ephraim, Wis. Miss Maud Anguish accompanied them. Constance has returned to her studies at Roycemore.
