

## LEASES HOME

Mrs. H. M. Gardner has leased her home at 250 Oxford road, Kenilworth, to Mr. and Mrs. Pat G. Morris of Winnetka. Mrs. Gardner has moved to the Sher-park apartments, 360 Park avenue, Highland Park.

### White Faille Cloth Can Be Dyed to Match Her Costume

When she's old enough to insist that her footwear match her frock, mothers know that these party sandals of white faille cloth can be dyed to match exactly . . . and inexpensively.

Quality Footwear Always

3 1/2 to 7 1/2

\$5.00

POOL & PIPER *INC.*  
1008 CHICAGO AVE. EVANSTON, ILL.

### Donald Andrews to Lead Snake Dance at Carleton

Donald Andrews, son of Mrs. Alfred F. Andrews, 382 Lincoln avenue, Glencoe, is in charge of the freshman snake dance which will be given during halves of the Carleton-Grinnell football game which will be one of the highlights of the Carleton homecoming Saturday, October 12. One of the traditional events of Carleton student life, the snake dance is worked out by the men of the first-year class with a sophomore in charge to use the discipline of upperclass authority. Carleton is driving for its first Midwest Conference football title since 1931, and has developed a big, heavy team that will give plenty of trouble to the opponents on its schedule. Homecoming activities at Carleton are expected to be among the most pretentious attempted for some years.

### HOWELL A COLONEL

Dick Howell, former Northwestern university swim star and holder of several world's tank records, now a resident of Louisville, Ky., was appointed Aide-de-Camp to Kentucky's colorful Governor Ruby Laffoon, with the grade and rank of colonel, last Thursday in Louisville at a dinner party which marked the conclusion of the season's first official bird-shoot. Howell bagged the limit of birds each day out, and was the only member of the party to acquire a full bag.

## Admiral Byrd to Tell Story of Antarctic Expedition October 29

### Birth Control Group Outlines Year's Plans

The North Shore branch of the Illinois Birth Control league met Friday, September 27, at Mrs. Norman Waite's to discuss plans for the coming year.

An important item on the season's schedule is the formation of a group to study birth control in its social aspects. Family welfare, economic well-being, international peace, and the development of the race are but a few of the subjects presented in the syllabus. Beginning in November, the first Tuesday morning in each month has been set aside for the purpose. The committee is planning a library of reference books for those interested.

Another important project is an educational exhibit to be held in Evanston at some future date. The exhibit will come here from New York City where it was shown for two weeks last summer and aroused widespread interest.

Mrs. Waite reported that the local clinic at 802 Main street, Evanston, which remained open during the summer months, handled some forty new patients during July and August.

Another committee meeting will be held on October 21, at Mrs. A. A. Hofgren's, 814 Michigan avenue, Evanston.

Mrs. Roy Osgood, 423 Essex road, Kenilworth, who has been at her summer home in Lincolnville, Maine, since early in June, is visiting her niece in Worcester, Mass., before returning home.

### Famous Explorer to Lecture at New Trier Auditorium

Thrills aplenty await north shore residents who will hear Rear Admiral Richard E. Byrd tell the story of his latest Antarctic expedition at New Trier High school Tuesday, October 29. Nine thousand feet of new motion pictures depicting vast areas upon which the human eye had never before looked will illustrate the famous explorer's own story of his recent adventures.

### Complete Story in Films

How the expedition undertook several exploratory voyages in Polar seas before reaching Little America; how Admiral Byrd made three eastern flights in the big twin-engined Condor biplane, flights which have changed the world's map; how Little America was rebuilt; how Admiral Byrd established the world's southernmost weather station, 123 miles south of Little America, and after gruelling experiences returned with rich scientific finds; how the expedition, after 18 months' sojourn on the Antarctic continent, made its way north from the land of ice and snow—all this will be told by Admiral Byrd himself and shown in his pictures.

### Will Give Two Lectures

There are to be two lectures, one in the afternoon for high school students and seventh and eighth grade pupils from the grammar schools of the township and one in the evening for the general public. No adults will be admitted to the afternoon lecture. Announcement will be made next week concerning the sale of tickets for the event, which is under the auspices of the Tri-Ship Boys' club of New Trier.

### Accorded Many Honors

Admiral Byrd himself has been the recipient of almost every honor the United States government can bestow. His elevation to the rank of Commander after his historic North Pole flight, and to the rank of Rear Admiral after his conquest of the South Pole by air, were both brought about by special act of Congress. In addition he has twenty-one citations on official record.

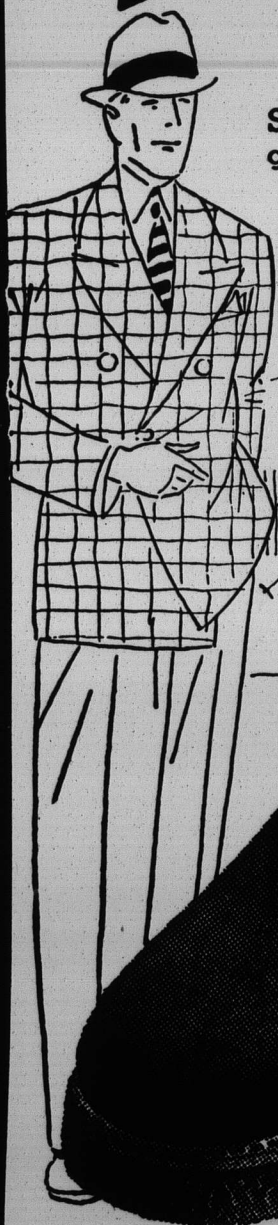

It remained however, for his recent expedition to elicit the highest honor which any incoming celebrity, native or alien has ever received. It has hitherto been the custom for the President of the United States to receive distinguished visitors at the White House. But in order to greet Admiral Byrd upon his return after two years' absence, President Roosevelt himself went down to the dock of the Washington Navy Yard, and on May 10, 1935, saluted Byrd in the name of the nation, as he stepped off the vessel. Congress, three days before, had passed a resolution expressing the nation's gratitude for the "achievement in successful and heroic exploration," and a joint committee of Congress also greeted the expedition members as they disembarked at the Navy Yard.

### GO SOUTH

Mrs. Edwin A. Vollman and her daughter, Dorothy Joan, 725 Prairie avenue, left Wilmette Tuesday, October 1. They are going south for the winter months and from there plan to go east for an indefinite period. On their way to New York, they will visit Washington, D. C., where Mr. Vollman is at the Naval hospital.

Mrs. W. F. Schur, 2225 Ridge avenue, Evanston entertained her Birthday club at luncheon and bridge last Tuesday in honor of Mrs. A. G. Ackermann of Wilmette.

## "THE MONK" IN THE ROUGH

## THIS PORCH PAINT

### ASKS NO FAVORS

When your porch floor is painted with LOWE BROTHERS PORCH AND DECK PAINT, you do not need to use the floor "carefully." This paint is made to withstand the exposure, scuffing shoes, oft moved furniture, and other hardships to which porch floors are subjected. Equally good on wood and cement floors.

We carry this enduring porch floor paint in various colors.
