## N. S. Table Tennis Club Opens Nov. 15

The North Shore Table Tennis club at 655 Vernon avenue, Glencoe, will open on November 15, it was announced this week. When first started several years ago, this was the pioneer club of the Chicago area, but several other suburban centers now boast active clubs. With the lapse of the North Shore club the last two years, table tennis on the north shore slipped behind similar activity in such towns as Park Ridge, Elmhurst and River Forest.

The influence of clubs in these other localities is reflected in their rising crop of expert young players, and it is hoped that the North Shore club will aid in developing young players.

Plans are also under way for a North Shore league to be played at this club, and it is probable that league play with other suburban clubs will be inaugurated. The long run-backs essential to championship play and excellent lighting will be a feature of this club. Championship equipment in tables and nets will be provided.

Further information may be secured from Herman Freundlich, Wil. 4419; Dan Kreer, Winn. 2618, or Harold Lindstrom, Glencoe 1787.

## NORTH WEST MEN'S CLUB

The North West Men's club heard one of its members, William Buge, speak on the social security act, recently passed by Congress, at the regular club meeting Monday, November 4, at the home of George Halvorsen, 2017 Chestnut avenue, Wilmette. Mr. Halvorsen showed several reels of motion pictures of the World war.

The club will hold its next meeting December 4 at the home of Paul Gathercoal.

Being a "business man" at sixteen months of age is the unusual achievement of John Richard Weber, who with his parents, Mr. and Mrs. Claud J. N. Weber, arrived in Wilmette October 1, to live at 1616 Highland avenue. The baby posed for commercial photography in Detroit, the Webers' former home.

## KENILWORTH GIRL SCOUTS

### TROOP NO. 2

At the weekly meeting of Troop No. 2 on October 30 we practiced the "color ceremony" and had a knot test. Then we had a Hallowe'en party at which we ducked for apples and played other Hallowe'en games. We were surprised with a treat of taffy apples. This completed our meeting for the day—Patsy Law, scribe.

### TROOP NO. 3

Last Monday Troop No. 3 held its sixth meeting. As soon as we had taken attendance those who had not passed their tenderfoot tests went to another room to try and pass some of them. Those who were left had a test in signalling, which is second class Scout work. Then we sang some songs and played a game of wonder ball. Then we sang taps and went home—Renee Small.

### TROOP NO. 4

The troop went to the Megowan cracker and cookie factory in Chicago recently. It was very interesting. We first were taken into a room where all the boxes and cartons are. The next room had sugar, flour and chocolate in it. The next room was the mixing room, where they mixed the dough all by machinery. The

room adjoining was a testing room. In the other rooms we were shown how graham crackers are made, how the boxes are made and how the big mixers are filled with frosting. We also saw how wax paper is put on the boxes, and ever so many other things worked by machinery. We had a very nice time at the factory and, to top it all, each of us got a box of crackers.—Frances Neilson, scribe.

### TROOP NO. 4

We started our meeting last Monday by singing some songs with Mrs. Strickland. Then we had signalling with Miss Macauley. At 4 o'clock the girls who were not training tenderfoot Scouts went into a different room to sing and play games. The ones that were training the tenderfoot girls had these girls come in and play games with them and Mrs. Claar. We closed the meeting by singing taps.—M. A. Laferty, acting scribe.

Mrs. C. R. Erwin moved recently from her home at 615 Warwick road, Kenilworth, which she is trying to sell, to her other home at 320 Abbottsford road, which has been occupied for the past two years by the John A. Schreiber family. Mrs. Erwin's Warwick road home is now being occupied temporarily by her son-in-law and daughter, Mr. and Mrs. Ralph Munch.
