Louis B. Kuppenheimer, well known philanthropist and business leader, died Saturday at his home, 1130 Laurel avenue, Hubbard Woods, of a heart ailment which developed while he was visiting in Pasadena, Cal., several weeks ago. His philanthropy was bestowed principally upon educational institutions. He established an ophthalmology clinic at the University of Chicago in 1927. Earlier he had donated, in 1920, a memorial assembly hall to the Winnetka public school system in memory of his daughter, Jane, who died in 1919.

Crack Polo Teams Clash on Saturday

Planning to make the most of an opportunity to break away from a first-place tie with the Black Horse Troop team, the 122nd Field Artillery poloists have been instructed to develop a Joe Louis complex for their meeting with the Riding Club Seniors in the main event of the Gold Coast indoor polo league meet this Saturday night at the Chicago Riding club, 333 East Erie street.

Barring accidents during the daily practice sessions scheduled for this week, the artillerymen's lineup will be intact for the first time since the beginning of the current season. Lieut. Cliff Harrison, who has been unable to play after being banged up in an automobile accident last summer, is back in the saddle and ready for action. Known far and wide as the "three fighting lieutenants," Harrison, Art Zimmerman and Carl Johnson were winners of the Western and Metropolitan championships in 1934-'35 but fell victims to an unending series of tough breaks which kept them from repeating last season. Making an impressive showing in their skirmishes this year, the artillerymen have won four out of five games. With Harrison back on the active list, the 122nd bid fare to annex the Gold Coast circuit title.

In the curtain-raiser, Olympia Fields will be pitted against a trio of hard-riding malleeters from the 124th Field Artillery in what promises to be a free-swinging battle.

During the intermission between games, the first burro candy derby of the season will be run. Proving to be a big favorite with the fans who cheered their favorite burro home, the derby was repeated several times and on each occasion won a host of new friends.

Christian Science Churches

"Love" was the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, February 2.

The Golden Text was, "My little children, let us not love in word, neither in tongue; but in deed and in truth" (I John 3:18).

Among the citations which comprised the Lesson-Sermon was the following from the Bible: "No man hath seen God at any time. If we love one another, God dwelleth in us, and his love is perfected in us. And we have known and believed the love that God hath to us. God is love; and he that dwelleth in love dwelleth in God, and God in him" (I John 4:12,16).

The Lesson-Sermon also included

the following passages from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "The precise form of God must be of small importance in comparison with the sublime question, What is infinite Mind or divine Love? . . . No form nor physical combination is adequate to represent infinite Love" (p. 256).

FIVE BASKETBALL GAMES

Five basketball games are slated at the gymnasium of Joseph Sears school, Kenilworth, this Saturday morning. Five teams from Glencoe will clash with Kenilworth quintets in weight classifications ranging from 75-pounders to heavies.
