## Dog Quarantine

On order of Governor Henry Horner the state department of agriculture on Monday declared a strict quarantine of all dogs in Cook county. The step was taken as an emergency measure, invoked to put a check on the present epidemic of rabies, which has become alarming.

The order provides that all dogs, within the county must be kept in escape-proof enclosures, or restrained by leashes. Enforcement of the order was placed directly upon local authorities of the municipalities.

The Village board at its adjourned meeting Tuesday night instructed the police department to strictly enforce the quarantine, and all owners of dogs are hereby notified that the order must be obeyed. It means that dogs cannot be permitted at large, either with or without muzzles, and that they must be confined so securely that they cannot escape. The exercising of dogs except on leash, is prohibited. No evasion of the order will be countenanced.

CLOYD C. McGUIRE,  
Chief of Police.
