Challenge Sheridan Shore Fleet

With high waves built up through the week of gales, rain squalls and other heavy weather the Sheridan Shore Yacht club Star Class fleet sailed a fast and rough seven-mile course on Saturday and Sunday afternoons in their week-end race events. Strong winds continued from the north and northwest taking a toll of five boats forced to return to the Wilmette harbor because of rigging accidents.

John W. Lane's Star sloop "Jinx" was winner of the Saturday windward and leeward race. This newcomer in the Sheridan Shore fleet has been in the water for less than three weeks

during which time it has established itself as a craft definitely to be reckoned with in competitive events at the local yacht club.

In a thrilling finish at Sunday's race, "Ariel," Carl Johnson's new Star class sloop, nosed out Max Hayford's "Twinkle Ditto" in the final ten seconds of a run for the home buoy. Both the "Ariel" and the "Jinx" being 1936 newcomers the week-end events represented close but definite victories over the boats which have been participating in the Sheridan Shore events for many years.

Body of Baby Found  
in Load of Garbage

The dead body of a 7½-pound baby boy was found wrapped in garbage at the village incinerator last Saturday noon.

At the county morgue, a representative of the coroner's office determined that the child had died through injury at birth. Evidence was presented to indicate that the body was not attended by a physician at birth. It had been dead for at least 24 hours.

Exhaustive investigation by the Wilmette police, who traced the case as far as the route on which the body was dropped into a householder's garbage container, indicated that the baby had been brought in from outside the village.

At the incinerator, it was explained that the body was discovered through the observance of the usual routine, since all packages are opened before the garbage reaches the furnaces.
