## BEGIN UNDERPASS WORK

Staff Photo

Work on the underpass which will connect the west side of Kenilworth with the playground of the Joseph Sears school and which will thus eliminate the necessity for school children crossing Green Bay road and the North Western and North Shore line tracks at the busy intersections at Kenilworth, Melrose, or Winnetka avenues, was begun this week as the above photo shows. When completed, later in the year, the underpass will be in the form of a continuous ramp down and up which school children may walk, roller skate, or bicycle in perfect safety.

The work is being by the county and will aid not only Joseph Sears school children but also the students at New Trier High school who come from homes in west Kenilworth and west Wilmette who will find the underpass a handy shortcut.

W. Whitaker Baer of 2115 Beechwood avenue returned to Wilmette last week from an extensive tour through the west and south. He was gone about seven weeks.

## Lyman's ICE CREAM Specials

Taste this higher-cream-content ice cream. Our best recommendation for it is that it's made from Mrs. Lyman's own recipe!

## Income Charts Will Be Shown at Epworth Meet

Charts showing the relative incomes and expenditures of the people in the United States will be shown Sunday evening at the meeting of the Epworth league of the Wilmette Parish Methodist church, and will be the subject of a group discussion led by George Riggan. The meeting opens at 6 o'clock.

A reception for the parents league members was held at the last meeting, a group of 80 being present. The Rev. Amos Thornburg, minister of the church, explained to the parents the aims of the organization, and the members of the league's cabinet discussed their work. The reception concluded with singing and refreshments.
