letters were sent complain that they were mailed so late as to be received in the evening of the final day for appearance before the Appeal Board.

See Tax Strike

A responsible committee of New Trier township citizens, has been attempting to arrange a conference with Assessor Clark for the purpose of adjusting some of the inequalities, or providing some means of avoiding the taxpayers' strike which, it is asserted, will surely come if the assessor's arbitrary attitude is not changed. Up to this time, it is asserted, the committee has had no success in getting to Mr. Clark, who has adroitly evaded every attempt.

The serious thing about the situation is the threatened taxpayers' strike, which would throw all taxing bodies of the township back into the turmoil, lack of funds and uncertainties of the early 1930s, when operation of schools and other public services was handicapped and in imminent danger of complete suspension. Many local men, thoroughly competent to diagnose the situation and forecast the effect of the assessor's policies, express fear of a repetition of those conditions.

Peril Local Bodies

They contend that the arbitrary raising of the assessments and the usurpation of the functions of the regularly constituted law making body of the state by the assessor when he exempted certain personal property owners from any assessment whatever, will surely disrupt the work of the local taxing bodies.

Turn to page 41 of this issue and if your assessment has been raised above the sworn return, you may still have opportunity to protest to the Board of Appeals, the only legal resource.

"Who is an Educated Person?" will be the subject of Rabbi Charles E. Shulman's sermon at the services of the North Shore Congregation Israel Sunday, May 9, at 11 o'clock.

In his sermon Rabbi Shulman will seek to analyze the qualities of an educated person and to illustrate the importance of the examples which the adult sets for the child and how these examples may validate or invalidate the finest work of the institution of society dedicated to character building.
