Look for its famous yellow wrapper with the purple trademark

U. S. Inspected and Passed by the Department of Agriculture.

BECAUSE the Wilson Secret Process makes it deliciously different in flavor, unbelievably tender. Ready to eat—or served hot in 1/5 the time it takes to cook ordinary ham. No costly cooking loss. There is no substitute.

BAKED HAM

Place whole or half Tender Made Ham, fat side up, on a rack in an open roasting pan. Heat in a moderately hot oven (350° F.) approximately seven minutes to the pound. Remove ham from oven, score fat, dot with whole cloves, and cover with 1 cup pineapple juice and 1 cup corn syrup blended together. Return to oven and bake approximately 15 minutes longer, basting until ham is delicately browned. Serve with sauteed pineapple slices.

Illinois Country Club to Hold Party Saturday

The first big summer formal dinner dance of the season at the Illinois country club will be held on Saturday. It is expected that the attendance at the affair will be the largest in the history of the club, it was stated this week.

"The membership has increased again this year and so popular has the club become that every party held is an occasion for a large turnout," it was added.

"A fine orchestra has been obtained for this, the first summer formal, and a wonderful dinner replete with entertainment will insure members and their guests a most delightful evening," the statement concluded.
