CENTRAL and TWELFTH — WILMETTE — ALL PHONES 510

### Doctor's Degree

Joseph Turck, Jr., son of Mr. and Mrs. Joseph A. V. Turck, 522 Linden avenue, Wilmette, received his doctor's degree in organic chemistry last week from Iowa State college. Mr. and Mrs. Turck went out to Ames, Ia., for the commencement exercises, and their son returned with them. He spent only a few days here and then left for Jersey City, N. J., where he has a position as research chemist with the College company.

### Historic Edifice in Renovation Program

Work on the renovation of College hall, historic building at Lake Forest college, is now well under way and is scheduled to be completed the latter part of August.

The approximate sum of \$15,000 is being spent by the college in the building of fireproof concrete and steel stairways and in constructing a new entrance to the building. The project is a continuation of a program for the improvement of the college equipment which was started last year with the enlargement of Reid Memorial library at a cost of \$21,000.

College hall, the original college building, was erected in 1878 and has been in constant use since that time. Although originally it housed library, chapel, classrooms, laboratories, and dormitories for men, it is now used largely for laboratories and recitation rooms.

### HAVE SECOND SON

Mr. and Mrs. Charles E. Lowes, Jr., 2434 Fargo avenue, Chicago, announce the birth of a son, John Mitchell Lowes, June 11, at the Evanston hospital. The baby is their second son. The first one is named Charles Robert Lowes. Mrs. Lowes, the former Florence Anita Mitchell, is the daughter of Mr. and Mrs. Walter Gore Mitchell of 1009 Oakwood avenue, Wilmette.

### Civic Leaders to Hold Outing Next Wednesday

A big day at Big Foot—that is the plan for the summer outing for members of Wilmette Civic league, their friends and other residents of the village who desire to join in the rare pleasure of a day in the open, with business cares left behind and good sport and goodfellowship reigning supreme.

The date is Wednesday, June 29. The place, Big Foot Country club, which is just east of Walworth, Wis., less than 75 miles from Wilmette. Unless one has visited this attractive club, in its marvelous setting of scenic beauty, say those in charge, he can have no conception of the privilege this event affords.

Tentative plans call for an early departure—just after breakfast, in fact—and nine holes of health-giving golf during the forenoon, and another round of eighteen holes in the afternoon. Luncheon, of course, and a substantial dinner. Zest to the play will be added by a putting contest and prizes.

Golfers who are interested may make up a foursome—or they may be assigned to other groups. Cars will be provided for those without transportation.

Reservations, it is announced, may be made by writing or phoning Elmer D. Becker, 519 Linden avenue, or John P. Ballman, 1133 Seneca road. Road directions will be supplied on request.

### Faculty Member Will Be Parley Speaker

Miss Nellie MacLennan, director of the art department at the National College of Education and the Children's Demonstration school, has been invited to address the art section of the National Education association which is meeting in New York City from June 26 to 30.

Miss MacLennan will be one of nine speakers from all sections of the country who will address the assembly during the five days of the conference.

She will speak before the afternoon session on June 27 on "The Guidance of Young Children's Art Expression."

### Entertains Group of 24 Friends at Home

Following his graduation from New Trier High school, Thursday evening, Leonard C. Reed, 211 Woodlawn avenue, Hubbard Woods, entertained 24 guests at an informal party at his home.

Mr. Reed will leave soon after July 4 to begin work at his uncle's dude ranch located north of Wyola, Montana. He will work as a hand and will probably remain there until the Fall round-up is completed in September.
