At an inquest attended in Chicago on Monday by members of the Wilmette police force and by the commanding officer of the station, Chief Warrant Boatswain Robert Anderson, a coroner's jury returned a verdict of suicide.

Secretary Rules on Half-Year Licenses

In order to clear up any misunderstanding on the question of the half year motor vehicle license fees, the secretary of state, Edward J. Hughes, in response to numerous inquiries and applications for 50 per cent reduction, explained that only those motorists who purchase cars after June 30, 1938, may procure their 1938 plates at half the annual cost.

"Many motorists," said Secretary Hughes, "are under the impression that if they do not operate their cars during the first half of 1938, that they may apply after July 1 and procure a half year fee. This is not true. An individual who had a car licensed in 1937 cannot procure a half-year fee even if he applies in October of 1938. The Motor Vehicle act states that the first registration shall be reduced 50 per cent if payable during the second half of the calendar year and that no certificate for re-registration may be issued at any time except for a full fee.

"Attempts to evade the law in order to procure the semi-annual fee, by 'wash sales' and other such practices, will not be permitted."

Miss Florence Mattoon Will Direct Recreation at Baha'i Summer Camp

Miss Florence Mattoon, daughter of Mr. and Mrs. Edwin W. Mattoon, 105 Sixth street, Wilmette, leaves this week for the annual Baha'i Summer school at Louhelen ranch, Davison, Mich.

Miss Mattoon is the middle west secretary of the national Baha'i youth committee and director of recreation for the summer school.

Young people from various parts of Canada and the United States meet at the school each year for intensive study of world peace and economic security as a practical possibility for the present century.

First Session

The first session of the school will run for five days starting June 26. A second youth session will be conducted from July 3 to 7. On July 7 a 10-day laboratory session will be opened, devoted not only to an intensive study of the Baha'i beliefs, but to the theory and practice of carrying their message to the world. A general session will be given in August.

Two other Baha'i summer schools are located at Eliot, Me., and Geyserville, Calif.

During the several sessions, courses are given on the world order of Baha'u'llah, concepts of character building as development to world consciousness, ways to world peace.

Miss Mattoon will be accompanied by her sister, Annamarie Mattoon.
