Theta Upsilon Rho, interdenominational organization for young people of the North Shore, sponsored by the Wilmette Methodist church, this week announced the informal launching of a series of summer social meetings.

The social meetings, according to Armen D. Jorjorian, newly elected president of the organization, will replace the weekly Sunday evening sessions of the club. Mr. Jorjorian also announced that a short business meeting, one of the three planned for the summer months, would be held on Sunday at 6 o'clock in the evening in its club room at the church to begin the laying of plans for the fall and winter sessions.

Expected to report are William Thybony, newly-elected program director, who is making contacts with well known speakers whose appearances will supplement the regular discussion periods. Assisting him are Miss Araxie Jorjorian, director of devotionals, and others on the program committee.

Immediately following this meeting the group will hold a roller skating party under the direction of Miss Betty June Collins and Steve Brooks, social chairman. The party is open to friends and guests as well as any other young persons of the North Shore, it was explained.

## CHRISTIAN SCIENCE CHURCH

"Is the Universe, Including Man, Evolved by Atomic Force?" was the subject of the lesson-sermon in all Churches of Christ, Scientist, on Sunday, June 19.

The golden text was, "Our help is in the name of the Lord, who made heaven and earth" (Psalms 124:8).

Among the citations which comprised the lesson-sermon was the following from the Bible: "The Lord hath brought forth our righteousness: come, and let us declare in Zion the work of the Lord our God. He hath made the earth by his power, he hath established the world by his wisdom, and hath stretched out the heaven by his understanding" (Jeremiah 51: 10, 15).

The lesson-sermon also included the following passages from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "Spirit is eternal, divine. Nothing but Spirit, Soul, can evolve Life, for Spirit is more than all else. Mind is the divine Principle, Love, and can produce nothing unlike the eternal Father-Mother, God" (p. 335).
