Armistice Program Speakers

On Thursday, of this week, the students of New Trier High school were to hear two talks relating to Armistice day. George Getgood (right), director of the community house in Winnetka, was to talk to the freshmen and sophomores, and Dr. Hugh Elmer Brown (left), pastor of the First Congregational church, Evanston, was to address the juniors and seniors. The programs were sponsored by the assembly committee of the student council of which George Terzakes is chairman.

Driver Escapes Injury as Train Strikes Truck

William Sargent, 811 Ridge road, Wilmette, narrowly escaped serious injury, Wednesday morning, when the oil truck he was driving east on Kenilworth avenue was struck by a train of the Chicago, North Shore, and Milwaukee line just starting up from the Kenilworth station. The train struck the center of the truck, damaging one storage compartment, and a quantity of gasoline was spilled.

HAVE SON

Robert Golden, formerly of Wilmette, and Mrs. Golden, whose home is in Bangor, Mich., on October 14, became parents of a son whom they have named Robert Le-Roy. He is their first baby.

Dr. V. C. Heiser, Noted Physician, at Sunday Club

Author of "An American Doctor's
Odyssey" Will Be Heard in New
Trier Auditorium

Dr. Victor G. Heiser, distinguished physician and author of "An American Doctor's Odyssey," a best seller of recent years, will be the speaker on the New Trier Sunday Evening club program November 13, in New Trier High school auditorium.

Dr. Heiser was recently appointed by the National Association of Manufacturers as director of a committee to improve factory working conditions.

Devotes Life to Health Work

For thirteen years he was chief quarantine officer in the Philippines. He has circled the globe sixteen times, and while with the international health division of the Rockefeller Foundation, met and advised Kings, queens, presidents, maharajahs, and maharanis in more than 45 countries. He became known as the "globe-trotting drummer" for the Rockefeller Foundation and for twenty years traveled in the most out of the way and forgotten places of the world "selling" the idea of health.

Widely Known Author

Dr. Heiser is author of the Sanitary Code for the city of Manila, and many articles for medical journals. He is the co-author of "The Handbook of Medical Treatment" (1918), "Oxford System of Medicine" (1921), "Practice of Medicine in the Tropics" (1922), "A System of Pediatrics" (1924), "Cyclopedia of Medicine" (1932), and author of "An American Doctor's Odyssey" (1936).

"Ever since the day, as a boy, he escaped drowning in the historic Johnstown flood," reads a comment, Heiser has devoted his time and energy to the saving and prolongation of human life."

30-Mile Speed Limit on Drive in Kenilworth

Based on the results of a new survey, the state highway department this week announced a speed limit of 30 miles an hour through Kenilworth on Sheridan road.

Members of the department, in conducting the survey, used an automatic device that measured the speed of automobiles through the community by causing them to trip two indicators spaced at a given distance.

From this it was discovered that most motorists drove at a rate varying from 25 to 35 miles per hour, and this speed was halved as being most acceptable.

VISIT RELATIVES

Mr. and Mrs. William Siegel and their children, Dick and Billy, 2032 Wilmette avenue, and Mr. and Mrs. Arthur Jergensen and daughter Carroll, of Evanston, spent Sunday and Monday in Wisconsin Rapids, Wis., visiting relatives of both families.

VISIT AT CULVER

Mr. and Mrs. G. D. Bertke, 1306 Greenwood avenue, went to Culver Military academy the week-end of November 6, to visit their son, William. Their daughter, Helen, accompanied them.
