

## WOMEN VOTERS' LEAGUE NEWS

Mrs. George G. Bogert, president of the Illinois League of Women Voters, has made public the following letter addressed to Governor Henry Horner:

"This being, I believe, the open season on budget-making, I am writing at the request of the board of the Illinois League of Women Voters to ask that budget estimates include adequate appropriations for the work of the Division of Women's and Children's Employment in the Department of Labor.

"Several of us visited the office of the division recently and were disturbed to note that the enforcement of the five labor laws affecting women and children is seriously handicapped by lack of adequate funds. Within the limits of the funds provided, the Division's administration of the laws seemed to us excellent."

### Study Conference

Mrs. Bogert at the request of the National League of Women Voters, now beginning a year's expansion campaign focusing on its traditional objective—democracy—issued a call to the Illinois membership to follow closely the proceedings of the Eighth International Conference of American States, opening today at Lima, Peru.

Miss Marguerite M. Wells, national president, pointed out that this conference, which at another time in the world's history might be more or less routine, has an intensified interest to League members, both as women and as voters.

"At a time when force or the threat of force has taken the place of peaceful settlement of disputes in Europe and in the Far East, all eyes must focus on Lima for the strengthening of peace machinery among the democracies of the Western Hemisphere," said Miss Wells.

"The National League of Women Voters has taken cognizance of this, and at its recent board meeting voted support of treaties which might result from the Lima conference, providing they are in line with the League's foreign policy program which is devoted to peaceful settlement of disputes and democratic approach to international problems.

"In addition to this main objective, there are other important aspects of the Lima meeting which every woman voter should consider with interest—inter-American trade relations; promotion of closer cultural relations between the peoples of the American republics; and that peculiar phantom which has haunted our own Congress for about fifteen years—so-called 'Equal Rights' for women."

Miss Wells pointed out that women have been given greater recognition at this conference than at any previous, with two appointed to the delegation—Mrs. Elsie Musser of Utah, whose presence takes on added usefulness since she was also a delegate to the Buenos Aires conference in 1936; and Miss Kathryn Lewis, Executive Assistant to the President of the United Mine Workers. ## "You Can't Take It With You" Will Be Drama Club Play

Having just received word from New York of the release for non-professional use of the George S. Kaufman and Moss Hart Pulitzer prize play, "You Can't Take It With You," the Winnetka Drama club announces its selection of this tremendously successful comedy for its third and final production of the current season, early in April.

The play, concerned with the affairs of a lovable retired business man and his circle of rather eccentric relatives and friends, will be remembered as having run for nearly a year in Chicago, and, with a period of interruption, for several years in New York, where it is still played at the Ambassador theater. A picture was also made of the play, and enjoyed wide popularity, with Lionel Barrymore in the leading part.

"You Can't Take It With You" is considered by the Drama club an especially fortunate selection, not only for its excellence as entertainment, but because it offers opportunities for a generous number of people, both on stage and off.
