

# Attention Home Owners

26 years ago and today

IN 1913 we roofed the residence and garage of Mr. Will C. Braun at 807 Central Ave., Wilmette.

TODAY after 26 years of service Mr. Braun is so well pleased that he again gave us the contract to roof his home.

## Sea Scouts

By Tom Lucas  
At last the long-awaited report from council headquarters has arrived. The substance of this report is that Sea Scout Ship 43 has been appointed honorary flagship of the North Shore Area council and has also been made a member of the district flagship flotilla. This is indeed pleasant news; however the ship has hopes that next year will find it much higher in the regional rankings.

The last few meetings have been devoted to test passing with very good results. There are now five "ordinary" scouts in the ship; namely, George Randall, Everett Eckenbeck, Richie Wilson, Dave Wilder and Tom Lucas. This rank is the second of the four ranks attainable in sea scouting. With these five men and four more the ship may become a second class ship.

The whole ship meanwhile looks forward to the beginning of the sailing season. With this in mind there have been frequent trips to the shipyards where the ship's craft have their winter berths. With much elbow grease and no end of hard work the two boats have been overhauled and are now almost ready for the water.

Miss Jean Kleckner, daughter of Mr. and Mrs. Joseph B. Kleckner, 637 Abbottsford road, Kenilworth, spent her Easter vacation from De Pauw university with her parents. Miss Kleckner has recently been initiated into Kappa Kappa Gamma sorority.

Mrs. Lillyon Knox Figueira and her daughter, Jo Anne, 1607 Elmwood avenue, spent Easter week-end in Springfield, visiting Mrs. Figueira's sister, Mrs. Harold J. Riesler.

## 26 Years Between These Roofing Jobs; But Jerry's Happy

When a new roofing job was finished a few days ago on the residence of Will C. Braun at 807 Central avenue, Wilmette, the owner expressed complete satisfaction over a first class job well done.

Happy to "hear them kind words" was J. W. (Jerry) Swiney, owner and general manager of the Ajax Shingle and Modernizing company, State Bank building, Wilmette, who supervised the job.

But that isn't all of the story. Twenty-six years ago Mr. Swiney, just then starting his concern on the North Shore, roofed that same house. In fact, it was one of his first jobs in this vicinity.

"I did that first job at 807 Central in July, 1913," Mr. Swiney recalls. "shortly after I got established on the Shore. At that time only a lightweight type of shingle was manufactured, as the asphalt industry was then in its infancy. That first roof would have lasted many more years were it not for that fact that the 'valleys,' which were of a different material and installed by another contractor, had not deteriorated. The garage roof, also installed in 1913, is still in splendid condition and does not yet require re-roofing."

Mr. Swiney's record over a period of more than a quarter of a century on the North Shore points to several unique achievements. For example, his concern has roofed 48 homes on Ashland avenue in Wilmette, and about 25 on Greenwood avenue in the same village.

In fact, Swiney-constructed roofs shelter a large number of homes throughout the North Shore area.
