

## Northwestern Dean Will Be Speaker at Career Club Meeting

On April 19 the New Trier High school Career club, which is sponsoring a series of Wednesday evening vocational conferences, will present Dr. Clifford Erickson, professor of education and assistant dean of the university college of Northwestern university. The conference will take place at 7:30 o'clock in the Tri-Ship room at the high school and Dr. Erickson will speak on "The Vocational Outlook for Youth in the Professions." He will cover such questions as: "What are youth's chances in the professions today?" "What are the trends in professions?" and "Do law, medicine, and engineering still offer the best opportunities?"

This is the third Wednesday evening lecture and is open, as are all the others, to any interested persons and more particularly to the 625 seniors at New Trier. Other conferences of the year will include those on business and engineering. The purpose of these conferences is to be of service to the students by showing them the opportunities the different fields have to offer.

### Discussion Period

One of the features of these lectures is the discussion period. The talks are relatively short and the speakers devote most of their time to answering questions from the floor, which provides the listeners the opportunity of straightening out their own special problems or difficulties.

The Career club also sponsors tours to different places of interest.

A trip to the Rosenwald Museum was held recently and a tour to Western Electric is scheduled to be arranged soon.

## Shawnee's Water Poloists Drop Season's Final

The Shawnee Country club water polo team ended its season last Thursday night by dropping an 8-4 decision to the Northwestern university team in a first round game of the Central A. A. U. championships.

The game was played in the Beilfuss Natatorium pool, at 1725 Springfield Avenue in Chicago.

Coach George Eckert's men got off to a slow start and were trailing 6-1 at half time. Blake Slocum counted just before the period ended to put Shawnee in the scoring column.

Although the losers outscored the Big Ten squad 3-2 in the second half, the Northwestern defense was too tight to permit the free scoring necessary to put Shawnee back in the game.

Commenting on the season's record in which his team reached the round-robin finals of the All-Chicago championships, Coach Eckert said he believed his squad, man for man, was better than any team on the schedule. "However," he explained, "we lacked the team play and systematic attack that comes only through regular practice sessions. Most of our strategy, such as it was, was cooked up in the dressing rooms a few minutes before the start of each game."

"Next season the boys have expressed a willingness to spend a little more time in practice sessions, perfecting offense and defense. With the addition of a couple of new men we can put a team in the water that could battle any aggregation in the Mid-West on even terms."

The bride wore ivory satin with a long train and a veil of heirloom lace. Her bouquet was of Easter lilies. The matron of honor was in ice blue lace and carried pink roses and white sweet peas.

Following the reception the couple left for their honeymoon, motoring through the southwest where they will spend the next three weeks.
