Why Have a Community Chest in Kenilworth? Here Are Reasons

Why a Community Chest for Kenilworth?

In the past the method of raising funds in Kenilworth for private charitable, character-building and similar agencies has been typical of that in use in other towns, which do not have a Community Chest. In Kenilworth as in other communities there are groups of people who are interested in particular agencies and have, year after year, subscribed to their support. In most cases, funds for these agencies have been obtained through campaigns carried on by those especially interested.

A typical campaign involves planning, organization, lining-up of workers, publicity, and solicitation. In Kenilworth as elsewhere, the burden of this work for various causes has fallen on much the same group of people, who may have engaged in several drives during any one year. Then, too, the citizens of the town have been subjected to a variety of successive appeals. The result of the process is always to tire out willing workers and also the people solicited.

Has Proved Efficient

In over 400 American cities, these conditions have been met and other advantages obtained through the organization of Community Chests. This method of financing private agencies has proved in town after town to be an efficient and altogether satisfactory method of collecting and disbursing such funds.

On the North Shore the Community chest idea has spread rapidly in the last few years. Evanston has had a chest for perhaps 10 years. Wilmette for a somewhat shorter period, and Winnetka's was organized in 1933. Then came Highland Park and Glencoe. The Winnetka, Glencoe, and Highland Park chests, in particular, have been highly successful.

Briefly the procedure for building up a Community chest is as follows: first all available information is obtained as to the funds collected over a period of years by the agencies which have regularly solicited the townspeople in an organized way. Such agencies are considered for participation in the Chest.

A budget committee of chest workers studies carefully the previous records of giving and the needs of the several agencies, and determines for each an allocation which seems reasonable in view of all the circumstances. The sum of these various amounts plus a reasonable additional amount for contingencies and for necessary campaign and administrative expenses constitute the budget to be raised through a campaign.

Leading Role

Mrs. Lawrence W. Hayes has the leading role in Tower Players' production, "The Late Christopher Bean," to be staged on the nights of October 17 and 18 in the Sacred Heart school auditorium, Hubbard Woods. The several committees that have been formed to sell subscription tickets for the play have reported sales progressing satisfactorily.

tingencies and for necessary campaign and administrative expenses constitute the budget to be raised through a campaign.

A Chest campaign is well organized, well publicized, and carried out by an adequate force of solicitors. Such a campaign is normally concentrated in a week's effort, with the necessary period thereafter for clean-up purposes. The funds collected are distributed throughout the year on a predetermined basis, and contact is maintained with the agencies benefited, to keep up to date on their situation and needs and the conduct of their work.

Kenilworth has now organized a Community chest to carry out this orderly and effective method of financing the agencies in which numbers of its citizens have been interested.

Girls' Industrial League to Confer

The Setting-Up conference of the League of Industrial Girls will be held at the Y.W.C.A. Forest Preserve Lodge the week-end of September 30 and October 1. This is a conference to plan the year's program for the League of the Y.W.C.A. and there will be special sessions on citizenship, work problems, the Y.W.C.A. international relations, and a business session. Girls who will attend from the North Shore are Margaret Filer of Evanston, president of the League of Industrial Girls; Dorothy Stacey of Wilmette, president of the International Social club; Mrs. Rosalie Small of the Juliette Derricotte club, of Evanston; Erma Thoms of Evanston of the Parler et Jouer club; and Miss June Wooster, the industrial secretary of the Evanston center of the Y.W.C.A.

Hale Reports On Tax Money Distribution

Collections on Second Installment Ahead of Last Year, Final Figures Show

Township Collector Sanborn Hale this week announced he had made final distribution to the various taxing bodies of moneys collected on the second installment of the 1938 taxes.

His total collection of the second installment was \$501,037.40, which exceeded last year's second installment collection by \$37,378.

The total collected on both the first and second installments and on personal property bills, for 1938, was \$1,834,437.73, as compared to \$1,807,174.92 for 1937.

Bills Reduced

This was accomplished, it was explained, despite the fact that the total tax extension for 1938 was \$3,253,826.99, as compared to \$3,465,771.52 for 1937, a reduction of \$211,944.53 in the total tax bills of New Trier township.

Police Will Watch for Subversive Activities

As a measure of cooperation with the Federal Bureau of Investigation, Chief of Police Cloyd C. McGuire has issued an order to all police officers to note and report any meetings, public or private, that might be suspected of subversive activities, or individuals who might be engaged in activities inimical to the interests of this government. Officers were also instructed to refrain from discussing features of the European war in public.

Police Report Recovery Of Stolen Automobile

Police report the recovery of the automobile belonging to A. C. Lynch, president of Ace Motor Sales Inc., 435 Green Bay road, which was stolen when that concern was burglarized on September 20. The car was found undamaged in front of 872 North Sacramento avenue, Chicago.
