## Car Runs Amuck; Wrecks Light Standard on Drive

About 3 o'clock Sunday morning the unknown driver of an automobile crashed into a street light standard at Sheridan road and Laurel avenue, completely demolishing the standard, carrying parts of it for almost a block. A water hydrant was also struck, but without serious damage. It is not known what damage resulted to the automobile or the driver, as it proceeded on its way south under its own power. That the driver was injured was attested by blood stains on the pavement. The accident was witnessed by a nearby resident from a house window. The incident means a loss to the village of \$90. Police of this and neighboring towns have been searching garages for damaged cars, but so far have found no trace of the driver.

## Junior Chess Group to Hold Meetings at Beach

The Junior Chess and Garden club of Wilmette has decided to hold its meetings on both Wednesday and Saturday afternoons, it was announced this week. The sessions will take place on the beach at the foot of Lake avenue. Boys and girls 11 years of age and older who can paint will be permitted to help in the making of the giant chess set. Angel chess will also be taught. The group is planning to apply a unique decorative scheme to the fence on the waterworks premises, should it be successful in obtaining the consent and cooperation of village officials.

Mrs. Roger Briggs, 1314 Greenwood avenue, entertained her Chicago bridge club at tea Wednesday of last week.

## Villagers Defrauded by Crew of "Linen" Sellers

Friday of last week Wilmette was invaded by a crew of house-to-house canvassers purporting to sell fine imported linens at ridiculously low prices. They came in two automobiles, two women and one man in each car, besides their stock of goods. Two complaints have been lodged with the police. In one case a housewife paid \$10 for an article said to have little value. Another instance concerns a resident who loaned \$40 on a tablecloth of negligible worth. The canvasser, in seeking the loan, gave her name as McDonald, and her address as 217 Third street. No such person lives at that address. The police department through its chief, Henry Brautigam, has repeatedly warned citizens against "racketeers" of this type, and again warns of the danger of being cheated unless the buyer is an expert in the kind of goods offered.

## Try Traffic Cases Within Township, Request of Board

(Continued from Page 1)

tion, on the presumption that the New Trier justices of the peace might be acting from a selfish motive, he wished to say that he would gladly agree to contribute to charity whatever profits might accrue from this source.

The action was taken, it was explained, solely in an effort to bring about fair and equitable justice to the citizens of New Trier township who might fall within the grasp of the law in cases of this nature.

## The Resolution

The resolution follows: "Whereas, it has been brought to the attention of this board by citizens of New Trier township that state highway police and Cook county police are patrolling the roads of this township and are making arrests for violation of the state law regulating motor vehicle traffic, and

"Whereas, it has been further brought to the attention of this board that arrest warrants are being made returnable to selected preferred courts, without any regard to the convenience of the person arrested insofar as distance and time are concerned and without any regard to the place where the arrest is made, and

"Whereas, it is the sense of this board that all arrests made within the territorial limits of New Trier township should be made returnable to the nearest sitting justice of the peace in said township, whoever he may be, without preference to particular courts in order to eliminate this vexatious inconvenience to our citizens and to prevent any charge of undue influence on the part of the arresting officer,

"Now, therefore, be it resolved: "That Margaret S. Pierson, clerk of New Trier township, be and she is hereby directed to request the State Highway department, through its proper officer, and the Cook County board, through its president, Emmett Whelan, that henceforth all police officers patrolling the highways and roads of New Trier township be directed by them to make all arrests returnable to the justice of the peace of New Trier township whose office is located nearest to the point of arrest."
