Rail Passenger Traffic Increased by 40 Percent

That short haul passengers are coming back to railroads because of the low basic rates now in effect in the western territory is borne out in figures of the first five months' travel of 1934 on the Chicago and North Western railway.

During those months, the number of passengers carried one mile, exclusive of commutation passengers, showed an increase of over 30,000,000 or nearly 40 percent, according to R. Thompson, passenger traffic manager of the North Western.

The number of passengers falling in the "local" classification during that same time showed a gain of about half a million or 80 percent over the previous year when the rates were not in effect.

Fair Organist Lists Most Popular Ballads

According to Jesse Crawford, the six most frequently requested songs and, therefore, the six most popular with the Fair-going public are the following: "Smoke Gets in Your Eyes," "Blue Danube Waltz," "I'll String Along With You," "Champagne Waltz," "The Last Round-up," and "Rhapsody in Blue." Crawford is appearing twice daily at the outdoor Kilgen organ in free concerts at the Swift bridge.

Hold British Day at World's Fair Aug. 11

Official British Day at A Century of Progress will be celebrated Saturday, August 11, with a unique afternoon entertainment program in the Hall of States and several special evening features in Merrie England, popular English village at the Fair.

The skirling pipes and rolling drums of the Curtiss Royal Stuart kiltie band will open the festivities at 2:30 o'clock as a parade is formed down the Avenue of Flags to the Court of the Hall of States. Promptly at 3 o'clock the Honorable Lewis Bernays, British consul general in Chicago, will deliver a welcoming message. He will be immediately followed by artists from the Davis Light Opera company who will render in costume a scene from Flotow's opera "Martha," and selections from the operetta, "Robin Hood," a favorite with English theatergoers for decades.

Fifty Highland dancers will perform the world-famous and difficult Scotch Sword dance and then to the piping of crimson-tartaned kiltie band will go through the capers of the Highland Fling and the Sailor's Hornpipe. Cameron McClean, baritone, and Dorothy Marwick, soprano, will complete the Scotch program.

For Welsh folk, the high spot of the day will be the appearance of the renowned Welsh Male choir which broadcasts weekly over a coast-to-coast radio network. This famous choir has won international acclaim for its remarkable clarity, diction, and tone quality. There will also be a mixed Welsh choir of over two hundred voices singing national songs.

Special features are being planned in Merrie England, English village at the Fair, and attendance records are expected to be broken at the performances of Shakespearian plays in the Globe theater, one of the outstanding attractions of the 1934 exposition.
