"Twinkle Ditto," sailed by Max Hayford and Gordon Jones of Sheridan Shore Yacht club, won the Star class invitational regatta sponsored by the Jackson Park Yacht club in a three-race series held Saturday and Sunday, August 18 and 19. "Twinkle Ditto" with two firsts and a second place amassed a total of 62 points. "Gemini" sailed by S. C. Pirie, Jr. and L. M. Pirie of Sheridan Shore was second with two seconds and a third totalling 59 points. "Fram" of Sheridan Shore and Chicago Yacht clubs, sailed by R. K. Lowry and Palm and Rundle took third with 58 points consisting of a fourth, a first and a third place.

All races were held off the Jackson Park Yacht club harbor. The Saturday afternoon race was sailed twice around a triangular course; the Sunday morning race was windward-lee-ward and the Sunday afternoon race was a repetition of Saturday's course. Every contest was sailed in a heavy wind and although several pieces of rigging parted, there were no masts lost.

## Win Silver Sailboat

The hosts left nothing undone in providing for the comfort and entertainment of the guests from Sheridan Shore, Chicago and Columbia Yacht clubs, even to the extent of towing their boats to Jackson park from the respective anchorages at Wilmette, Belmont and Randolph street. Those wishing to follow the races were taken aboard Otto Dice's 65-foot cruiser Ottmar, whence the tactics of the sailors could be watched throughout the regatta.

The grand prize for the series was the Moninger trophy, presented to Mr. Hayford and Mr. Jones Sunday evening. This trophy was a silver sailboat mounted on a handsome modernistic silver base. The second prize was a silver sailboat, the third a silver cigaret holder and the fourth, which went to Tom Waage of "Neo" was a silver match box holder with a silver yacht mounted thereon.

In addition to the above prizes, E. L. Thompson presented the winners of 1st, 2nd and 3rd places of each race with hams and bacon.

This Star fleet of twenty-one boats was the largest ever to sail together on Lake Michigan and although there are an additional fifteen Stars within the four clubs, never before had a fleet of this size been assembled.
