

New Trier Gridders to Encounter Sturdy Waukegan Eleven Saturday

Records of Both Teams to Date Augur Close Battle

New Trier High school's football team will be playing away from the home field for the first time this season Saturday of this week when it meets Waukegan at Waukegan. The Lake county school is a new member of the Suburban league this year.

On the basis of comparative scores the game Saturday should be close and hard fought. For Waukegan it will be the opening league game, and, like all other members of the league, Waukegan has championship aspirations. It will be New Trier's second league encounter, the home boys having lost a heartbreaker to Proviso of Maywood last Saturday, 14 to 13. Waukegan last Saturday defeated Bloom of Chicago Heights, 7 to 0. New Trier won from Bloom three weeks ago 6 to 0.

Coach Praises Team

Coach W. J. Aschenbach of New Trier praised the work of his players in last Saturday's battle with Proviso. After trailing, 14 to 0, New Trier made a fighting, determined comeback and when the gun sounded for the end of the game the losing team was only six inches from a touchdown that would have meant victory.

George Laing

Coach Aschenbach said, "It was the greatest exhibition of courage on the part of a high school team that I have ever seen." The coach remarked further that it is seldom that a high school team stages such a brilliant comeback as New Trier did Saturday. He had special praise for the work of Kenneth Cowan, left end, Capt. Art White, right guard, and Phil Dostal, right tackle.

Intercept N. T. Pass

Proviso scored its first touchdown after intercepting a pass deep in New Trier's territory. The west side boys used the aerial route to their second touchdown. Both of the attempts for the extra point were successful.

It was a hard scrap for New Trier to lose. Early in the game the home boys had what looked like an inferiority complex. But in the second half New Trier virtually played Proviso off its feet. Excellent blocking on the part of his team-mates helped George Laing, left halfback, score both touchdowns for New Trier.

Miss Extra Point

Failure to make one of the extra points after touchdown cost New Trier at least a tie. The try that failed had the spectators on their toes. The ball hit the goal post cross-bar and bounced up and back instead of up and over.

But this wasn't as disappointing to New Trier fans as the failure in the final seconds of play of their team's bid for victory. In the final play of the game, with the ball in New Trier's possession inches from Proviso's goal, signals were called, then checked. This checking of signals spelled defeat for

New Trier, whereas if the play had been executed the result might have been entirely different. The gun sounded before New Trier had a chance to advance the ball the few remaining inches over the goal line.

Stung by defeat with victory in their grasp, the New Trier boys are more determined than ever to make a clean sweep of their remaining games. Waukegan, they hope, will be their first Suburban league victim Saturday.

Next week New Trier returns to its home field, the Morton High school team from Cicero coming to Winnetka for another league battle on Saturday.

Suburban League Plans Frosh-Soph Cage Teams

All of the seven members of the Suburban league, except Deerfield Shields, plan to have freshman-sophomore basketball teams during the 1934-1935 season. At a recent meeting of the league board of control

the secretary of the league, H. G. Pertz of Deerfield-Shields, was asked to arrange a double round robin schedule for the six freshman-sophomore teams competing—New Trier, Evanston, Oak Park, Waukegan, Proviso and Morton.

GLEE CLUB MEMBER

Emma Bickham, Wilmette, has been chosen a member of the Grinnell college Women's Glee club, according to George L. Pierce, director of the organization. Miss Bickham was elected to the position after try-outs lasting all of the past week. As

a member of the club, Miss Bickham will also sing with the Grinnell Vesper choir, which is responsible for the musical selections at the Sunday Vesper services. She was one of thirteen to be chosen from a group of thirty-four who endeavored to gain positions with the club.

ROYAL HAWAIIAN CONSERVATORY OF MUSIC

AS AN integral part of Evanston, the Royal Hawaiian Conservatory of Music is as vital and as vibrant . . . as indomitable . . . as the city itself. The Conservatory specializes in fretted instruments such as the Hawaiian guitar, standard guitar, tenor banjo, plectrum banjo, mandolin, and ukelele.

Our method is the only correct method. We teach directly from piano sheet music and not by numbers and diagrams.

Our Method Defined. Teaching from piano music is constructive and to the advantage of the pupil. It is much more interesting to study. It brings out the originality and creativeness of the pupil.

The Royal Hawaiian Conservatory of Music is taking this initiative 'ep in *Suppressing the teaching of Hawaiian guitar by Numbers or Diagrams* and it is through the interest of the President of the Conservatory and its faculty that a more constructive method has been brought forward. Number and Diagram teaching has caused so much misrepresentation that the student becomes confused and at times very embarrassed when playing in the presence of those who truly understand music.

The Royal Hawaiian Conservatory of Music invites public criticism on the teaching of these instruments. Why not visit our studios at 1614 Sherman Avenue, Evanston, studio No. 3, or phone University 6060 for appointment?

If you are dissatisfied with your present employment, become independent by taking a complete teacher's course, for music is still in its infancy, an unlimited field.

OUR METHOD is like the Rock of Gibraltar. (It stands out.)

OUR POLICY, Constructiveness.

OUR MOTTO, Success in our teaching.

OUR PASSWORD, Courtesy.

Victory through Solidarity.
