

Moves Art Gallery to Wilmette Home

Robert H. Doran, established in the art business in Chicago for 41 years as the Robert H. Doran Galleries, announced this week the removal of his art gallery from the Edgewater Beach hotel to his residence at 1627 Wilmette avenue, Wilmette.

Mr. Doran expects to open a gift and art shop on the north shore in the very near future. He is now arranging exhibitions of paintings for various clubs and organizations in this vicinity and is inviting inspection of his fine stock of paintings.

The Doran Galleries, in serving the Chicago area for more than four decades, have supplied most of the fine paintings to be found in leading theaters through the city and Middle West. Their service also extends to the general renovation of paintings.

Mr. and Mrs. Bruce Hulbert (Mary Utley), former of 316 Richmond road, Kenilworth, have gone to New York where the former will have charge of the New York office of the firm for which he works.

CHRISTMAS GIFT SUGGESTION

Myra Hess

Ninon Vallin

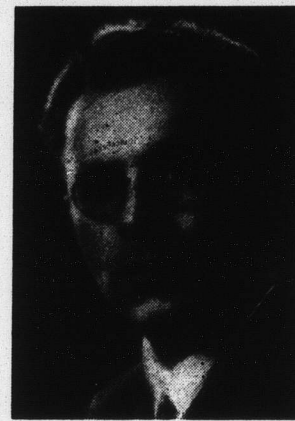

Sigrid Onegin

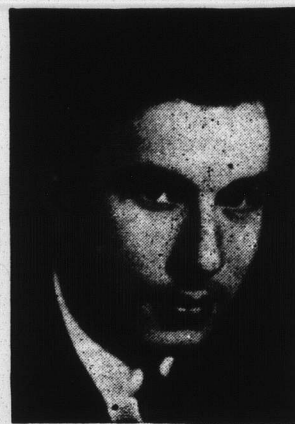

Four concerts remain of the five programs arranged this season for the Artist-Recital series sponsored by the Winnetka Music club, and the suggestion has come from those interested in these outstanding artistic ventures that a season ticket, providing for the quartet of programs would constitute a pleasantly unique Christmas gift for some member of the family or friend.

Such a Christmas gift would permit the fortunate recipient to hear the notable artists pictured here. Sigrid Onegin, contralto, who appears Monday, November 26; Ninon Vallin, soprano, and Emanuel Feuermann, 'cellist, who will present a joint recital on December 10; Nathan Milstein, world renowned violinist, who appears January 28, and Myra Hess, famous pianist, who will conclude the series with a concert on March 11.

This eleventh season of Artist-Recitals measures up fully to the lofty standard established by the Winnetka Music club when, more than a decade ago, it fostered the idea of bringing the leading artists of the world to the north shore at a moderate cost to the concert patrons of this vicinity. The recitals are held in the New Trier High school auditorium.

Kenilworth Board Ready to Set up Work Relief Plan

The Kenilworth Village board, at its November meeting Monday night, decided to go ahead with plans for setting up a new work relief program to take the place of a similar project, which expired on October 31.

The project finished by time limit at the end of October included the development of Mahoney park on both sides of Sheridan road at the south limits of the village, the improvement of the Village hall and fire station sites at Green Bay road and Kenilworth avenue, street, sidewalk and water repairs and tree surgery and tree planting. This work was started as a CWA project and when the CWA passed out of existence last March the work was continued by the village under the Federal Emergency Relief administration. All men employed were on federal relief and their salaries were paid by the federal government. Whatever projects of this kind are undertaken in the future are to be continued on this basis.

The finance committee of the Village board, of which Trustee Chase Love is chairman, will work with a committee from the Kenilworth Park board in making plans for the work relief program.

The number of men employed on the Kenilworth work relief project from March through October averaged between twenty and twenty-five.
