WILMETTE, ILLINOIS, NOVEMBER 15, 1934

Enjoy Projects in History, Art and Geography

The 6B class of Howard has Miss Larson for history, geography, and art.

In history, 6B makes clay projects. Miss Larson gives the pupils the clay. The pupils have already studied "Primitive Man" and "Egyptians" in history.

One boy brought the first bow as a project and other children brought mummy cases, harp, toys used by the Egyptian children, hatchets, clothing worn by the high priests, and scrolls and pyramids. It is very interesting to know how they began using things.

Every Monday 6B has art. The pupils are working on their geography covers. Some boys and girls are making history, English and reading covers.

Every day from 1:45 until 2:30 o'clock the class has history, and from 2:30 to 3:15 geography.—Olive Carlson, Howard 6B.

Yum! Cream Tarts Are Masterpieces, It Seems

Thursday, November 8, the 1C girls of Stolp made delicious cream tarts filled with strawberry jam. Nearly everybody's turned out beautifully, and Miss Woodley, the cooking teacher, is to be congratulated upon this fact because many times she has much reason to lose her patience. Cooking is a mysterious art but every now and then things work out all right. We all hope that such luck as the girls had last time will come again soon.—Janet Bichl, Stolp 1C.

Sixth Graders at Central Draw Literature Pictures

In Miss Johannson's room, Central sixth grade drew pictures on the unit, "Enjoying Life," in our "Reading and Living" books. Subjects of the pictures included "Contrary Mary," "The Walrus and the Carpenter," "Our Guides," "The Twins," "The Mole and the Rat," "Our Vacation," "Tracks in the Snow," and "The Warblers and How To Know Bird Songs." The pictures were approved by Miss Scott and the art teacher.—Cythera Guthridge, Central 6th grade.

THREE DISCUSSION CHARTS

In Miss Larson's room we have three charts, one for 6B, one for 6C, and one for 6A. The charts tell how well each pupil has done in the history discussion. By looking at them the teacher can tell how well the pupils study. She marks them by letters.—Ruth Zibble, Howard 6B.

BOYS MAKE BOOK-ENDS

In the manual training shop, 6B Howard boys are working on book-ends for Miss Theman's room. We are working in pairs, one boy taking the top piece to work on, and one boy the base. We expect to make a pair of book-ends for every table, making our tables look more alike.—Howard Trienens, Howard 6B.

Stolp Grid Stars Trounce Howard

On November 5 at the Village Green the two F teams of Stolp combined and played the two combined F teams of Howard. Stolp won, 19 to 0. The touchdowns for Stolp were all made by quarterback, Jack McQuide; the extra points were made by Frank Badger. The game was easily won and Howard only had the ball for about

ten downs. The lineup for Stolp was: left end, Stephen Finney; left tackle, Tom Blake; left guard, Wayne Stoerk; center, George Park; right guard, Eddie Osborne; right tackle, Harold Buzan; right end, Johnny Mehlhope; left half, Frank Badger; right half, Bill Fletcher, captain; quarterback, Jack McQuide; full back, Johnny Parrshall, and substitutes, John Frickman and Curtis Johnson.—Harold Buzan, Central 6th grade.

Eighth Grades Undergo 2 Days of Examinations

Thursday and Friday, November 8 and 9, seemed to be full of tests for Stolp eighth graders. These were to determine the grades for the report cards which come out Thursday, November 15.

On Thursday there was a dictation test in composition and a science test. Friday brought a final test on the third unit in social science, another dictation and also another science test. To top it all, came a test on profit and loss and discount in math.

The students all hope they have made good grades on these tests so that they will have a good report card as their first in the eighth grade.—Lois Whitehead, Stolp 2C.

Two Plays Are Given for Central Assembly

At assembly, Wednesday, November 7, Miss Brown's and Mrs. Julian's rooms gave two plays. Miss Brown's room gave "The Story of the Tinder Box," and Mrs. Julian's room gave a part of "The Legend of Sleepy Hollow." In the "Legend of Sleepy Hollow," the children had a minuet. Both plays were very pretty and very interesting.—Marjorie Renacker, Central 6th grade.

Selected Howard Kickball Team Nips Stolp, 4 to 2

The strongest teams of Stolp and Howard schools played kickball against each other Wednesday afternoon, November 7. It was a close call in many ways. At one time if a Stolp girl had caught a fly Stolp would have won. Another time Howard's good fly catchers saved the day. As it was, Howard won, 4 to 2.—Peggy Butler, Howard 7B.

"Tom Sawyer" Offers Hour of Entertainment

The eighth grades of Howard presented "Tom Sawyer" for the senior assembly last Friday. There were four scenes: Aunt Polly and Tom; Huck and Tom; graveyard, and courtroom.

There was a last minute change because our Tom Sawyer, alias Franklin Kulp, was taken sick, and Tom MacMorran took his part. Some of the characters were: Tom Sawyer, Tom MacMorran; Huck Finn, Tom Huck; Ben Roges, Robert Schenk; Aunt Polly, June Bain; Injun Joe, Tom Carney; Muff Potter, Ed Benson.

The play was very well presented and was an enjoyable full hour of entertainment.—Gladys Phelps, Howard 8C.

Well, Here's One Test That Every Boy Likes

Tuesday, November 6, the boys of 6C at Howard had tests in punting, passing, and drop kicking. Each boy had two turns to do each event. We had them Tuesday because our report cards are coming out soon.

There were only two minuses in the class. The average in 6C for punting was about 16 yards, the average in passing was about 13 yards and the average for drop kicking was about 14 yards. All of the boys enjoyed the test. All of the 6C boys like gym and the boys like Mr. Mackie, our gym teacher.—Bob Dodds, Howard 6C.

Stolp Assembly Posters Stress Order at School

The eighth grades have been making posters for the assembly. These posters are to help us in our order at school. Each week there will be a poster up in every room and on the bulletin boards in the halls with words such as honesty, courageous, orderliness, courteousness, truthfulness, loyalty, helpfulness, punctuality and self-control. As soon as these posters are finished they will go into effect.—Helen Mae Meves, Stolp 1C.

Gregory and Halliwell Make Speedball Scores

The boys of 1B and 2B had gym on the Stolp playground Thursday, November 8. We played speedball. All the A's, B's and C's chose sides and played together. The D's, E's and F's played in another field. Jim Gregory and Richard Crossley were the captains for the A-B and C game. Jim Gregory's side won. He made the goal. The other game came out with Bud Halliwell's side winning, 4 to 0. He made all four goals.—Clinton Carpenter, Stolp school.

Howard Girls Beat Stolp in Kickball Game

Monday, November 5, Howard F played Stolp F in kickball at the Stolp school. The game began at about 3:45 o'clock. Some of the girls were not there, so the substitutes played. Howard F had first "outs" because it guessed the nearest to the chosen number. We had a very good scorekeeper.

The Howard F team was made up of: catcher, Patty Crawford; pitcher, Betty Marsh; right short stop, Georgia Haskins; left short stop, Jean Lindstrom; first base, Natalie Triplett; second base, Elizabeth Lonergan; third base, Harriet Jones; right field, Betty Huck, and left field, Ruth Zibble.

The game was won by Howard, 40 to 7. Everyone was fair and the game was good.—Jean Lindstrom, Howard 6C.

Howard All-Star Team Conquers Stolp, 19 to 0

The Stolp all-star D football team was defeated by the all-star Howard D team at the Village Green on November 7, 19 to 0. The Howard team made all its touchdowns on running plays. The Stolp line-up was: Mayland, left end; Moon, left tackle; Young, left guard; Fisher, center; Hirsch, right guard; Mizener, right tackle; Seubold, quarter back; Mayer, right end; Halliwell, right half; Lawrence, left half; Hill, full back; Hall, substitute left tackle, and Ellis, right end. The game was played to tell which was the champion D team.—Dick Hirsch, Stolp 1C.

MARRIED FORTY-ONE YEARS

A surprise supper was given last Sunday for Mr. and Mrs. Henry Hartmann, 537 Illinois road, in celebration of their forty-first wedding anniversary. About forty friends and relatives were present for the supper which was given by the Hartmanns' children, Mr. and Mrs. Carl Hendricks, Mr. and Mrs. Harry Hartmann, Mr. and Mrs. Herbert Kusmertz, Edward Hartmann and Miss Gertrude Hartmann. Mr. Hartmann was born in his present home and he also married his bride there. Before her marriage Mrs. Hartmann resided in Niles Center.

ON JUNIOR PROGRAM

Last Saturday Virginia May Ives and Marjorie Weil, pupils of Dorothy L. Pound, played on the junior program at Lyon and Healy's, of which Miss Pound has charge. Virginia May is the daughter of Mr. and Mrs. Clifford Ives of 1630 Washington avenue, Wilmette. On Saturday, November 24, Miss Pound will have her first class meeting at her home, at which time an informal program will be given by the junior students.

Rev. George P. Magill, 1011 Lake avenue, returned Monday from a sojourn of several days in Minneapolis. Combining pleasure with business, he visited many old friends of the Presbyterian congregation of which he was once pastor.
