● NOW ... is the time to prepare your home
for winter. Your North Shore Lumber Dealer
is ready to serve you. ● That space in the
basement or attic can easily and economically
be remodeled into a recreation room. Wall-
board and insulation for this purpose will be
found listed on this page. ● Introduce a few
shelves in such a room ... or in the children's
rooms ... for books or general use. Shelving
of straight-grained lumber all ready cut and
just ready to put up is listed below. ● And
did you know that insulation, storm sash and

storm doors will cut home heating costs by
keeping heat in and winter winds out? ● Get
actual figures of fuel savings which have been
made in homes just like yours from your North
Shore Lumber Dealer. These savings in no
time at all, will more than pay the costs of
these winter conveniences. ● The plywood
tables advertised are sources of pleasure for
table tennis "courts" or convenient as cutting
tables. ● Of course, if your roof needs atten-
tion fix it Now! Be ready for ice and snow.
