

Where should

OLD PEOPLE LIVE ?

- With their children?
- With friends of their own generation?
- In institutions for the aged?
- Alone?

Whether you are the children, the older people, the grandchildren, other relatives or merely outsiders, write how this problem was solved in your family.

Did you think it wise to mix generations in one household when it was economically possible to do otherwise?

What did YOU do, and did it work? If not, why didn't it? Perhaps you can help other people by telling your experience. Limit your letters to 500 words.

A prize of \$25 will be given for the best letter.

Write on only one side of the paper. No manuscript will be returned, and no names will ever be given out. Your confidence will be respected even when the \$25 is awarded.

Only the best letters will be printed.

All letters must be accompanied by names and addresses so that the editor will know where to send the prize when a committee decides which letter is best.

Address all communications to the Women's Editor, The Chicago Daily News, 400 West Madison Street, Chicago.

All letters must be in by Monday, Dec. 3 at midnight.

The \$25 will be awarded Dec. 19.

When they used to be

ON THE STAGE

Particularly since the advent of sound-pictures, the screen has got much of its most priceless talent from the stage—Ann Harding, George Arliss, Marie Dressler, the Barrymores. Go back through the years and see from whence came the stars of today.
