### SHANK AND BUTT ENDS

In the first place, cold slices can be cut for sandwiches or cold plate luncheons without any preparation whatsoever. Slices may be fried with eggs for delicious "ham and egg" breakfasts.

They may be scored, sprinkled with brown sugar, dotted with cloves and heated in a

moderately hot oven (375° F.) for about 8 minutes to the pound.

In addition, Tender Made Ham (cut in small cubes) is particularly delicious when served in ham-stuffed peppers, Spanish rice, scrambled eggs, ham a la king, and macaroni dishes.
