## UNITED TO START NORTH SHORE AIR SERVICE

New air schedules, effective April 1, from the North Shore to New York, Cleveland, Washington and other principal cities reduces air travel time to the east considerably. United Air Lines will operate the service, which provides for departure from the Curtis Airport in Glenview at 8:25 a.m. connecting with eastbound Mainliners at the Chicago Municipal Airport. Giant, twin-engined, three-mile-a-minute Boeing transports, similar to the one shown above, will be used on the twenty-mile flight from Glenview to the Chicago Airport.

### Christian Science Churches

"Matter" was the subject of the lesson-sermon in all Churches of Christ, Scientist, on Sunday, March 20.

The golden text was, "Tremble, thou earth, at the presence of the Lord, at the presence of the God of Jacob" (Psalms 114:7).

Among the citations which comprised the lesson-sermon was the following from the Bible: "Oh that my words were now written! oh that they were printed in a book! That they were graven with an iron pen and lead in the rock for ever! For I know that my redeemer liveth, and that he shall stand at the latter day upon the earth" (Job 19: 23-25).

The lesson-sermon also included the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "The one important interpretation of Scripture is the spiritual. For example, the text, 'In my flesh shall I see God,' gives a profound idea of the divine power to heal the ills of the flesh, and encourages mortals to hope in Him who healeth all our diseases" (p. 320).

### Illinois Women Voters to Back Trade Program

The Illinois League of Women Voters marshals its forces this month to reaffirm its endorsement of the United States reciprocal trade program. Mrs. George G. Bogert, President of the Illinois League of Women Voters, has requested that special meetings and programs be held during the next three weeks in the 50 local leagues throughout the state to give special attention to the reciprocal trade agreement with Great Britain now being negotiated in Washington.

The National League of Women Voters has consistently supported the tariff policy represented by the reciprocal trade program, basing its approval in the interest of general public welfare.

Donald Cooke, son of Mr. and Mrs. T. G. Cooke, 355 Kenilworth avenue, is bringing two friends with him Sunday when he returns home from Lehigh college, Bethlehem, Pa. They will be here for a week.

### "Blossom Time" to Be Staged Next Week by Lake Shore Players

"Blossom Time," considered by critics as the most outstanding of Sigmund Romberg's many operatic successes, is the choice of the Lake Shore Opera players for the spring production closing their fifth season. Four performances will be given at the Orrington school, Evanston, Friday, April 1, Saturday, April 2, Monday, April 4, and Tuesday, April 5. Reserved seats for all performances are now on sale at Clancy-Martin Drug Store opposite the Central street "L" station in Evanston, or they may be obtained from any member of the organization.

A cast of 20 principal characters and the largest chorus ever to participate in a Lake Shore Opera players' production has been rehearsing, under the direction of Howard Tooley and G. Bunn Guest, for several weeks. Margaret Coche, of the civic opera ballet, has trained a picked group of young women in special dance routines and will appear in person in these ballet numbers.

Louis Becker, president of the organization, is supervising the construction of the stage settings that are being built specially for this production.
