Evanston Drama Club

Offers Dance Program

The next program given by the Evanston Drama club on April 21, will witness Robert and Gertrude Breen in a series of "Dances to the Spoken Word." They interpret poetry by dancing and recite the lines as they dance.

Like the Ballet Russe who dance a story in pantomime, the Breens express the various emotions by their dancing, but added to this is their recital of the lines of the poem at the same time. Gertrude Breen is one of the scholarship students of the Drama club and it is fitting that in her success she should give a program before the club that has always shown such an interest in her. Blanche Yurka, on her recent visit to Evanston, attended a performance given by the Breens and expressed delight with their work.

VACATION IN SOUTH

Mr. and Mrs. Martin L. Kresge, 1118 Mohawk road, arrived home last Saturday from a two weeks' vacation in the south. Part of the time they spent at the Edgewater Gulf hotel near Biloxi, and the remainder at New Orleans.

KENILWORTH TO ERECT NEW PIER

Ask War Department to Authorize New
Breakwater as Protection for Bathing Beach

Captain S. N. Karrick, acting district engineer for the war department, announced this week that C. M. Osborn, Kenilworth village manager, on behalf of the municipality, had sought permission to construct a pier extending into Lake Michigan, about 350 south of the foot of Kenilworth avenue, and about two miles northwest of Wilmette harbor.

The action taken by the village manager follows authorization for a new pier to protect the bathing beach and to replace remnants of an old structure which was destroyed in a series of storms.

The action was authorized by the village council at its meeting on March 7, and was reported in this news-magazine in the issue of March 10.

Concrete Slabs

The proposed pier is to be constructed of precast concrete slabs and will extend lakeward from the shore line about 136 feet. It is to be 14 feet in width and the top is to be about four and one-half feet above low water level, which is about the present water surface.

Plans are on display at Captain Karrick's office, and objections to the proposed work from the standpoint of navigation should be mailed to him by April 4, it was announced.

A special type of breakwater which would prevent the usual piling up of sand on the north side of the pier with a corresponding scouring action on the south side is to be built.

Judge O'Connell and Connor Are Speakers

Regular Democratic headquarters in Hoffman hall, Ridge road, Wilmette, was crowded Wednesday night of last week when John F. O'Connell, Judge of the Probate court, unopposed for renomination, spoke to the Democrats of New Trier township. He recommended that William C. Connor, a resident of Wilmette for over thirty years, a graduate of New Trier High school and a practicing attorney, be supported for New Trier Township Democratic committeeman.

In a following address Mr. Connor specifically outlined his plans for the betterment of the township. Among other things he advocated the annexation of No Man's Land for a buffer park; elimination of dangerous grade crossings throughout the township, and other planks of his platform. He warned the voters of what would happen should home rule in elections be lost. Among the dangers, he asserted, was that the caucus plan of choosing village candidates might be wrecked if the Chicago Election commissioners gained control and ordered primaries to be held to choose such candidates. He also pledged to harmonize all factions within the party.

Joseph Fitch of Winnetka, acted as chairman. Assistant United States Attorney Earl Hurly of Wilmette spoke for Michael L. Igoe, Democratic candidate for United States
